Age Placement and Academic Policy

Please be advised that our institution follows a strict age-based placement policy to determine the appropriate academic level for each child. This policy is non-negotiable and is designed to uphold the integrity of our exceptionally high academic standards and rigorous curriculum.

Due to the advanced nature of our educational program, placement is not solely determined by age but also by the child's overall maturity and readiness to engage with the curriculum. It is essential that each child is placed in the correct developmental stage to ensure they are equipped to meet the demands of our program and thrive both academically and emotionally.

Any exceptions to this policy may only be considered at the sole discretion of the Principal or Director, and only after a formal assessment has been conducted with the child.

We appreciate your understanding and continued support in maintaining the excellence of our academic environment.

I/We, the undersigned person/persons responsible for paying school fees, understand the fees must be paid in and in accordance with the School Fees Policy.

Please be advised that enrollment spaces for 2026 are extremely limited. To secure a place for your child, we kindly request that you submit the completed registration forms and payment as soon as possible.
