BAZI WEALTH ACTIVATION SUMMIT REFERENCE GUIDE 2025

Bazi Cheat Sheet

Low/Zero Elements

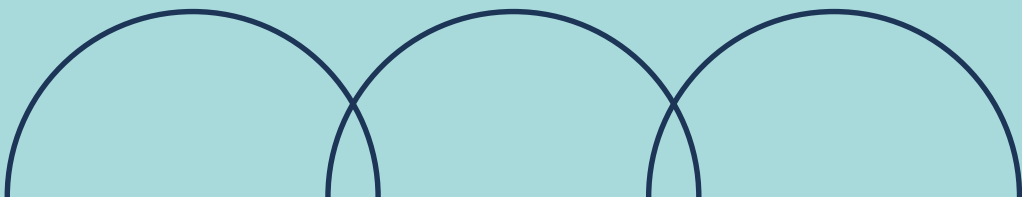

- 0% Output (Fire): Lean on Resource + Companion/Influence. Borrow Fire through warm spaces, creative rituals, or collaborations that spark visibility.
- Low Wealth: Build wealth through Output + Influence. Focus on structure and systems rather than accumulation.
- Low Resource: Borrow wisdom — mentors, templates, frameworks. Structure creates support where intuition may be low.
- Low Companion: Depth over breadth. One or two aligned partners beat a crowd.
- Low Influence: Practice micro-leadership. Lead projects, not empires, until confidence stabilizes

Low / Zero Five Factors

- 0% Resource: Use external structure — mentors, SOPs, or automation to hold rhythm.
- 0% Output: Be the curator or producer, not the originator. Shine light on others’ brilliance.
- 0% Companion: Collaborate intentionally. Schedule connection.
- 0% Wealth: Anchor with budgeting rituals. Energy follows attention.
- 0% Influence: Use timing to make moves — act when the season supports you.

Auxiliary Stars

- (Nobleman • Peach Blossom • Intelligence • Sky Horse)
- No Nobleman in natal: Helpers appear through timing or allies — ask for help openly.
 - No Peach Blossom: Borrow magnetism — align with visible, expressive people or show up in new networks.
 - Strong Intelligence but underused: Share insight weekly — teach, post, or present.
 - Sky Horse dominant: Channel restlessness into creative launches, travel, or learning adventures.

Timing & Pillars

- Luck Pillars amplify or soften — timing is a multiplier, not destiny.
- If Hour Pillar unknown, use Year–Month–Day confidently.

Multiple pillar strength:

Build flow across sectors — Month (career) → Year (network) → Day (partner) → Hour(Children).

Business-Owner Insights

- If you need Output but lack it: hire or collaborate with creatives.
- Low Influence: Simplify decision-making — structure beats spontaneity.
- Challenging luck cycle: Focus on groundwork, not scale. Use Nobleman + Peach Blossom support.

Quick Alignment: Elements

- 🌿 Wood → Connect & create opportunities.
- 🔥 Fire → Be seen, teach, or express.
- 🌍 Earth → Ground through systems & structure.
- ⚙️ Metal → Refine your craft, elevate standards.
