

MAGNIFICENT LIBS

HENRI AND THE MAGNIFICENT SNORT

Get inspired to write!

Instructions: Create your own fun story by filling in your own words into the beginning of the book, Henri and the Magnificent Snort! Fill in each of the blank spaces with the appropriate type of word. Each blank space tells you what type of word goes there, such as a noun, verb, or adjective. But you get to decide the word!

You can fill it out (a) on your own where you see the story as you write it, or (b) in a pair. If working in a pair, have one person be the reader & writer and the other person be the answerer. The reader & writer reads the italicized words below the blanks and fills in the answerer's word choices without the answerer seeing the whole story until the end! Have fun! I hope the stories make you laugh and smile!

In a _____ apartment, by a _____ tree,
name of a city *adjective*

lived a _____
adjective *type of animal*

His name was _____
person's name (male)

_____ the _____ thought _____ was _____
