

HOW TO USE

Talk to your friends and relatives about your participation in the BIBLE BUILD MINECRAFT COMPETITION. Ask them to donate towards the FUNDRAISER. This fundraiser will help children in Kenya and Cambodia receive an EDUCATION & MEALS so they can eventually go to university/college and go on to get a job and support themselves. This will help stop the cycle of poverty that comes about due to lack of access to good schools in Cambodia and Kenya. See below to learn about the schools that Sydney Hosanna supports.

KENYA – HOSANNA GARDENS SCHOOL

In 2015, Sydney Hosanna worked with our partners in Kenya to build a high quality school in the rural town of Mikameni, Kenya which suffers from severe poverty and did not have a local school that provided a quality education that could lead to further education.

CAMBODIA – HOPE SCHOOL

Since 2003, Sydney Hosanna has helped to build and maintain a primary school and also high school in one of the very disadvantaged areas of Phnom Penh. This has grown to now over 800 students, many of whom are now Christians or have learned the Christian ethos that gives hope for their futures and breaks the cycle of poverty in the community.
