

WHAT IS A DÖNER?

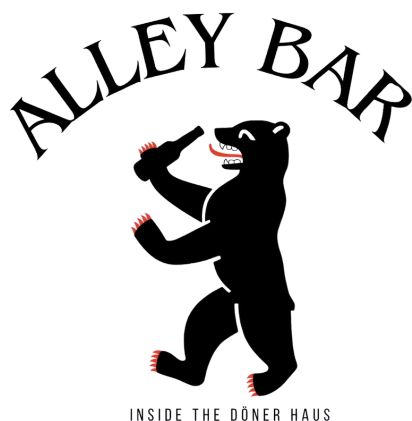

Döner (doo-ner) refers to the "spinning meat on a skewer." The traditional döner meat is lamb, which is grilled vertically and shaved into slices.

The first döner sandwiches came into existence around the late 1960s. Turkish immigrants in Berlin invented the idea by serving their national dish, Iskender kebab, in a sandwich.

The concept easily appealed to Germany's fast-paced lifestyle. Thus, to this day, the döner is Germany's most popular street food (outselling hamburgers and bratwursts combined).

We are so excited to bring our take on the delicious döner to the Wenatchee community!
