

Happy Monday after the 4th of July holiday week-end! Forest Lakes was alive and well with lots of fun activities and events that were well attended! Hope you were here and took in all that you could.

Thanks to Scott & Chris Bennett for coordinating the 9th annual Charity Ride and parade. I think we had a record number of spectators this year and you all made the ride fun for the participants by your cheers and smiling faces!

The Forest Lakes Owners Association was the recipient of the chosen charity this year. Donations exceeded \$2,100!! FLOA is very grateful for the gift and we can't thank you enough! It will be used to build 2 permanent shelters to replace our old, worn out canopies. We are so proud of how our Community Center is developing to be a welcoming place for the community to gather for many occasions. Think back to 5 years ago when FLOA first bought the property. We've come a long way! Thanks to EVERYONE who gives generously of their dollars and volunteers time and expertise in so many areas to make it all happen. Just think of what the future will bring!!

The Community Market was one of the best ever with over 30 vendors! It had to be the best shopping in Coconino County this week-end! One unsung hero in the planning in all of our markets is Judy Summers. She coordinates it all! Thank you, Judy!

Check out the [Photo Gallery](#) with pictures of the parade and the market. Maybe you'll see yourself in one of the pictures! Feel free to send any pictures that you would want to share and they will be added.

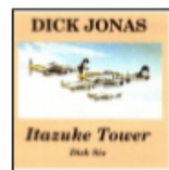

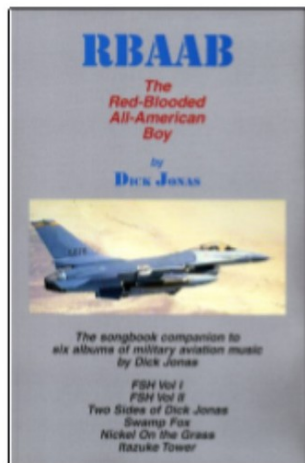

I was pleased to see many people driving the suggested 10 MPH to keep the dust levels down, but according to many comments, many drivers don't take it seriously enough to drive slowly and be respectful of the entire community. PLEASE do your best to contribute to the health and well being of everyone, including yourself. The rains help, but let's just get in the practice of driving slowly all the time. Why should anyone be in a hurry when coming to enjoy the forest life??? I am probably more passionate about this because two years ago, I came the closest to losing my life with a speedy driver than I have ever been. I still haven't gotten totally over it.

Now on to a new week and more events. With the bustle of the holiday, our upcoming show with Dick Jonas has not gotten the publicity it deserves, but be sure and look at the flyer below and make your reservations to attend! It's this coming Saturday! Dick was a pilot who flew in the Vietnam war and is also a writer and musician, who has written many song stories about the era. We are lucky to have him perform in Forest Lakes! Come on out Saturday night!
