

RED FLAG WARNING Today

1 PM until 6 PM

NO campfires or charcoal fires.

NO smoking except within buildings, vehicles, developed recreation sites, or an area 3 feet in diameter cleared of burnable material.

YES, you can use a pressurized gas stove.

YES, the Green Waste Transfer Station is open, but only until 1 PM.

A Red Flag Warning means warm temperatures, very low humidities, and stronger winds are expected to combine to produce an increased risk of fire.

Red Flag Warnings originate with the National Weather Service.

It is likely that tomorrow, June 27th, will also be a Red Flag Warning Day, but official notice will be given through another E-Blast to confirm it.
