childhood memories start here

we

FUNPLAY SYSTEMS PRIVATE LIMITED was incorporated in 2003 with a focus and desire to serve the global marketplace with highly innovative & modern playground products and services. Our objective is to bring fun, joy and laughter to a child with our tailor-made, user-friendly products and services. We are one of the fastest growing play equipment manufacturing company in India based out of Vasai - Thane, with over 35000 square feet of space, we have in house capabilities for design, production, storage and thorough quality checks. FUNPLAY has quickly evolved into the leading manufacturer of a complete range of playground equipment's in composite material and roto molded products, and responding to the ever-changing customer needs by continuously upgrading our solutions.

At FUNPLAY safety of all our equipments is paramount, we adhere to international quality standards and quality checks at every level, we ensure durability and functionality of all our products and on time delivery every time. Our welding, cutting, bending, notching, roto molding machines, all adhere to international standards of quality.

Additionally, we also provide other solutions like rubber flooring and outdoor fitness equipment. Our rubber flooring enhances not only the aesthetic value of the play area but also ensures better safety and increased durability of installed equipment.

We manufacture solutions that cater to the physical, social and learning skills for the people of all ages. Our client list includes some of the best - known names in construction industry, multi-national companies, water parks, Government institutions and celebrity farmhouses across India.

vision

to be the best in the world
at creating joyful
outdoor experiences and
encouraging people to play,
learn & exercise today
for a better tomorrow

mission

to appropriate all benefits accrued out of usage of play equipment's, and thereby, be the first choice in the consumer's mind

infrastructure

Our infrastructural strength amplifies our methods of productivity to extensive scales. We possess distinct units for the production of an exquisite product range. We have departmentalized our organization for an effective line of command, facilitating a substantial flow of productivity, supported by high-tech machinery and advanced equipment. We create a range of superior quality products using trusted sources of raw materials.

quality assurance

Our services come with a promise of supreme quality. Our aim is to provide a range of installations that are built for performance. Eliminating possibilities for damage or faultiness, our products are designed for the safety of children. We ascertain a level of quality by putting our equipment through various levels of industry-approved testing methods. Our quality testing professionals make steady efforts to ensure that our customers receive nothing but only the best in class.

nexlevTM
childhood memories start here

neXlev is a unique category of outdoor play equipment from the trusted FUNPLAY SYSTEMS PRIVATE LIMITED. Indigenously designed in our design studio and build with passion to provide best in class.

Theme based series evoke childhood curiosity to discover and play, each series makes use of multiple material combinations ensuring safety at every step. All unit are ergonomically designed keeping in mind the latest trends that help in giving maximum physical exercise, improving coordination, balance and agility while at play. Our units are designed in such a way that the kids are more likely to move in ways that challenge their muscles, bones and increase physical endurance.

neXlev is a premium range with aesthetic looks, and boasts of child friendly materials, while adding value to the project.

Pinnacle, Woody, Castle, Escapade, Abstract and Solitaire every theme has unique design based units, this is where childhood begins.
