Fiola Network

About my self.

I born in Guatemala City, I migrated to United States when I was 16 years old. When I came to Washington DC it wasn't easy for me because I didn't speak English at all.

But I had my Family back home, I had to kept going and I started to work in the restaurant industry, I felt a passion for the food, I went to the school to learn and speak English.

On September 2013 my life my life changed

I started my dream job as a cook in the best Fine Dining restaurant in Washington DC. Fiola By Fabio Trabocchi. (This project has no association with this restaurant) when first learn about Bitcoin.

I felt in love with the Blockchain technology, after learn more about ether

I was fascinated about it . I came out with the idea Fiola network .

Why keep using old fashion cash and credit card payment. When you can do it with the technology of the Blockchain.

Now that you know about my nationality, You are going to invest on Fiola Network with confidence,

Fiola Network has applied to be regulated in Guatemala City, and Washington DC, We will be the first Guatemalan regulated cryptocurrency.

We have partnered with 3 Drug Stores and Hardware Stores (at the Moment)in Guatemala to utilize Fiola token as a main payment Method.

We will also partner with Hotels.

The cryptocurrency space offers huge opportunities for investors but also carries a significant risk. Still in its infancy, the market is rife with scams and price fluctuations are heavily impacted by prominent figures who lure people into projects which they have a vested interest in. Fiola Network offers experienced team Additionally, Fiola (FLA)will release a decentralised payment method to compliment the optimise of users to invest in Fiola Network.

POWERING THE ECONOMY AND TRUST

Trust method: the importance of building trust is essential in our lives: we do it directly on the blockchain. Fiola Network Tokens will be sitting in the official partner wallets establishing a long-term collaboration.

Staking: We are planning to make this option a valuable resource for our long- term vision, a feature which rewards commitment and trust in the project.

UNISWAP LIQUIDITY

For those early, valuables Uniswap liquidity provides . Will be 500,000,000 millions Token Staking/Liquidity Rewards

SERVICES FOR RESTAURANTS

Our main focus is to simplify the payment method used for years, We this new era (BLOCKCHAIN TECHNOLOGY) is here to stay with us .
