Shifts Available:		
	9:45a-12:30p	12:30p-3:15p
Volunteer One	Michelle McDonald	Christine Dearing
Volunteer Two		
Volunteer Three		

If these shifts don't work, any time is appreciated.

Rotarian Lead: Carrie Coan

JULY PROGRAM INFO

**The climate
is changing
now!**

We should too.

Citizens' Climate Lobby is a nonpartisan, nonprofit organization that empowers people from all walks of life to advocate for a price on carbon with all funds returned to US households.

Katya Gordon, CCL volunteer

Come hear a local volunteer from the Citizens Climate Lobby present the case for climate legislation (endorsed by Rotary National) that is fair, transparent, and efficient, and provides new economic opportunities for northern Minnesota and the 8th Congressional District.

What: “The Climate Solution We All Can Live With”: the Energy Innovation and Carbon Dividend Act

When: Tuesday, July 2nd 12:00pm

Where: North Shore Rotary Club
Lake View Hospital

Contact: Katya Gordon

Member Spotlight

Dick Sigel
Public Administration *retired*
Lake County
Rotarian Since: 5/11/1993

Native Duluthian with Iron Range roots, UMD graduate, ski bum, attended flight school and served in the MN Air Guard (2LT), US Forest Service Administration in Michigan, Wisconsin and Minnesota; was a Foreman for Erie Mining Company and worked in the logging industry. President Isabella Jaycees. Helped establish Stony River Township. Raised family in Isabella. Both children, LSSD graduates, were awarded Alworth Scholarships, graduating from Michigan Tech. I served as a Lake County delegate to the Association of Minnesota Counties for over 22 years and represented County interests on numerous boards and commissions. More recently moderated and published the Dialog Group notes for some twenty years, continuing well after retiring. BCLP graduate, February 1988. We moved to Knife River in 1988. My wife, Sue, and I are very involved in Finnish ethnic activities. She participates in a Finn musical group which performs throughout the area. I serve as their camp follower.

Interesting personal tidbit: In 1967, I served as the Forest Service's official photographer recording the Canadian Centennial Voyageurs passage through the BWCA. That traditional fur trade route later became recognized in the 1795 Jay Treaty as defining a portion of the International Border. This spectacular event featured colorfully garbed teams paddling North Canoes, with each team representing a province. They traversed Canada from West to East commemorating the Confederation Centennial. The short time I spent with those cranked up Canucks on Basswood Lake houseboats was memorable. Unfortunately, there was no way to record their music. How time passes.
