

North Texas Family Health

Monday, 12 August, 2019

To our new patients:

Welcome to North Texas Family Health.

Thank you for trusting us with your healthcare and wellness needs. North Texas Family Health prioritizes you, the patient, as the center of our practice. Your health, wellness, and satisfaction are our primary focus.

North Texas Family Health is different than the other medical providers you may have visited. We are a private practice, not owned by a large healthcare entity or large group of physicians. Therefore, we practice medicine the way it should be practiced. By spending the time with our patients, listening to their needs and concerns. We evaluate and treat each patient with individualized care, with the focus being on their health and wellness of the mind, body, and spirit.

Our professional, compassionate staff and providers are adept in caring for the entire family, neonates through geriatrics. We specialize in the evaluation, treatment, and recovery for those with opioid addiction. Our clinic provides onsite diagnostic testing and treatments for convenience and reduced outsourcing to other services.

Our Mission:

North Texas Family Health is committed to improving the overall health and wellness of North Texas by providing comprehensive quality of care to our patients and the communities we serve, in a cost-effective, professional, and compassionate manner

To our existing patients:

Welcome back!!!!

We strive to provide you the care and treatment that you have been given at the other facility. It is because of you that we exist. Your health and wellness delivered the way you expect and deserve, not mandated by other provider's visions and expectations. You are more than a source of revenue, you are the reason we are in the business of healthcare.

To ensure the highest quality of care, we need certain information from you. We also need to inform you of our policies. Therefore, the following forms are needed in the "NEW PATIENT PACKET"

Patient Information Form (all patients)	Notice of Privacy Practices (all patients)
Patient Rights and Responsibilities (all patients)	Payment Policy (all patients)
Patient Portal Form (all patients)	Request for Records Transfer (new patients)
Adult Patient Intake (new patients)	Pediatric Patient Intake (new patients)

Thank you,

North Texas Family Health
