Heifer Show

All heifers must be registered in the name of the exhibitors – and the original papers must be presented at check-in.

The heifer show will have the following breed divisions: a. Hereford b. Angus c. Maine-Anjou (including Maintainers & anything else registered with the Maine assn) d. Chi (anything registered with the Chi assn) e. Simmental (anything registered with the Simmental assn) f. Purebred AOB (including Limi, Red Angus, Gelbvieh etc) g. Percentage AOB (including Charolais composite, Shorthorn Plus, Lim Flex, etc) h. Charolais.

Commercial heifers will compete for Supreme Champion.

Other breed divisions may be added if they meet a 10 head minimum, or if a sponsor comes forward.

Heifers must be checked in by 6 PM on Friday!

Steer Show

Entering and exhibiting a steer at the Classic Livestock Show denotes ownership.

The steer show will have four breed divisions: British (Purebred Angus, Red Angus, Hereford and Shorthorn (to be shown together) registration papers required, Red/Red X, AOC (All Other Colors), and Black/Black X. Official breed classification will be verified at the scale. Management's decision is final!!

The steer show will have two divisions (lightweight & heavyweight) within the above-mentioned breeds (except British). Classes will be broken and posted the day of the show following official weigh-in.

Each exhibitor MUST show his/her own animal. Any exception must be approved prior to the show by the show management. If, and only if, a showman is currently showing one

animal and has another animal to show simultaneously, an alternate showman is acceptable.

Market Heifer Division

The Market Heifer Show will NOT be broken by breed, ONLY by weight. A lightweight and heavyweight champion and reserve will be selected in the Market Heifer Division.

The overall Champion Market Heifer will compete in the Supreme “Steer” Selection.

Management will break and post the classes on the day of the show following official weigh in.

Weight discrepancies must be decided before the animal leaves the scale.
