

The Pathway To The Future Of Air Care.

The **only air care refill** made from natural, biodegradable, regenerative and renewable, **FSC® certified cork**.

The mark of responsible forestry

With Patent-Pending Zoned Dispersal Pathway™ Technology.

Dispenser is a mockup only | © 2026 Ennovamark

Technology Hidden In Nature.

Patent-Pending Zoned Dispersal Pathway™

- ✓ **Engineered internal structure.**
- ✓ Zonal intensity boost.
- ✓ Adaptive scent perception.
- ✓ Up to 60 days.
- ✓ **Natural refill service alert** - cork changes colour over time.

Fragrance moves through precise, internal structures within the cork. Intensity subtly reasserts itself as scent migrates. Perception shifts gently over time, helping reduce scent fatigue. The cork used in Ethicork™ regenerates and is harvested without cutting down or harming the tree. Each harvest encourages additional CO₂ absorption.

No Batteries. No Fans. No Leaks.

- ✓ **VOC-exempt** fragrances.
- ✓ Cork is naturally hypoallergenic.
- ✓ Natural cork is **biodegradable and renewable**.
- ✓ Regenerative cork.
- ✓ Cork is **naturally carbon negative**.
- ✓ Cork oak landscapes contribute to long-term carbon storage.

The mark of responsible forestry

Nature's Own Material. Now In Control.

Intelligent by design.

Patent-pending Zoned Dispersal Pathway™ technology utilises the unique, natural structure of cork to release fragrance in distinct, precise stages offering a longer, more consistent experience.

Natural odour neutraliser.

Cork naturally helps reduce bad smells because of its high suberin content and its unique cellular structure.

Natural resistance.

The cellular structure of cork makes it naturally resistant to mould, decay and fungal growth - ideal for high-traffic areas such as; gyms, spas, washroom areas and other public spaces.

Fits competing dispensers.

The Ethicork™ air care refill fits a range of popular, passive dispensers. Easy and simple to install and replace.

Coverage (m³ | cubic feet).

Up to 220m³ | 8,000 cubic feet.

Dimensions (mm | in).

99mm (H) x 53mm in diameter.

3.89in (H) x 2.08in in diameter.

Fragrance options.

Crisp Bergamot & Eucalyptus Leaf,
Sandalwood & Oakmoss Shores,
Sunlit Mango & Citrus Blooms.

Scent longevity.

Up to 60 days.
