"I can't believe how young they are and they just perform like they've been doing it for years and years... it's an amalgamation of influence and they've carved their own identity out of that." Dan Pascoe, BBC Introducing, 2025

"I can 100% hear them selling out stadiums and they are just incredible in terms of sound and stage presence" Lottie Macro, Future Hits Radio, 2025

"Powerful, heartfelt vocals are buoyed by a barrage of guitars and punchy drums to create a sound that suggest they have raided their parents' record collections." Roland Monger, 2024

"The maturity of songwriting shown by Devon based 3 Days of Wonder is so impressive for such a young band. There's plenty of 80's/90's big rock influences at play." Unsigned & Unsung, 2024.

"Everything is coming up Planet 3 Days of Wonder which is a wonderful thing." Dan Pascoe, Little Orchard Festival BBC Radio, 2024
