

CORPORATE

HEADQUARTERS, CAMPUSES & OFFICES

Your executives, management, staff, & visitors, as well as your property deserve to be in a safe & secure environment.

- Threats from disgruntled employees & outside foreign actors are on the rise.
- Internal/external theft & data breaches are at an all-time high.
- Current events such as COVID-19 are causing unprecedented operational & supply chain disruptions as well as health & wellness concerns.
- Civil unrest is causing damage & destruction to property & buildings.

SPPS understands the difficulties & challenges involved in the corporate arena. Utilizing our security services will ensure that your visitors, staff, property & data are protected, so you can focus on growing & excelling in your business.

How will we provide a safe & secure environment?

You know your business inside & out, we know security. There is no need for you to learn all aspects of physical security including:

- De-escalation techniques
- Fire & medical emergency management
- Physical restraint & handcuffing techniques**
- Less lethal/secondary weapons usage**
- Use of force continuum matrix
- Regular firearms training & understanding applicable laws
- Observing body language & other cues that relate to criminal activity or violence
- Understanding the laws to protect & limit the liability of your business or entity
- Understanding the only circumstances that would necessitate the use of deadly force & the consequences of such an action**

*** Use of physical contact, increasing force-on-force, secondary weapons, handcuffs, & deadly force are only allowed when applicable & necessary as a last option.*

Our officers are experienced, trained & retrained regularly. They are put through mock scenarios to better prepare them for any situation. They are licensed, & we are bonded & insured. They are certified* in secondary weapons including: CEW (Tasers), Baton (ASP), Airborne Chemical Agents (OC/Pepper Spray), etc., as well as handcuffing/restraints & weapons retention. They are *American Heart Association* CPR/AED/First Aid Certified* as well as *Stop the Bleed* Trauma/Blood Control Certified*.

Most of our officers are either former law enforcement, military & or have advanced firearm training as well as martial arts training. They are *MOAB* certified* in de-escalation techniques as well as *ALICE* Active Shooter Response Certified*.

Our company is owner-managed with the principals having direct involvement in each contract, site, officer development etc. We use state of the art technology to manage our officers & your account, as well as to protect & monitor your site.

Let us focus on securing your staff, facilities, products, & assets, while you focus on your customers. Your security can go from heavy involvement & time, to a simple service bill like power, water, or landscaping.

We can absorb your current guards if you like their performance & match their pay, etc. We can also offer additional services & apply a multi-service bundle discount. Services like video monitoring, patrols, armored transport, vault services & more.

** Officers are certified or going through the certification process*
