

Which wedding package is best for your ceremony vision and budget?

Yes; and I have or will obtain a wedding license from the State where the wedding ceremony will be conducted AND I have a location in mind

OR IF you have a friend or family member who you think will conduct your ceremony I can help you navigate around the challenge of them getting licensed (would cost you more to get them ordained/licensed/registered and you run the risk they are not legal in time to conduct an official ceremony).... I process your wedding license (I would legally and officially marry you in private).....and they can still lead your ceremony. I will provide a sample script and am available for up to 30 minutes of consultation.
