

Here at *The Cozy Gathering* we want to create *The Cozy Gathering Library*, a space to share what you've already read, search for a specific book you are hoping to read, and discover your next favorite book! To accomplish this we've already built a small collection of 77 books for you to begin your search. We will be collecting gently used books through our upcoming pop ups in order to expand our selection, so if you have a stack of books looking for a new home consider dropping them off. You will automatically become a member of *The Cozy Gathering Book Club* when you complete your first trade-in. (Some restrictions may apply)

** We are looking for books that appeal to other readers, so please, no text books, encyclopedias, phone books from 1980s, etc.*

So, how does it work?

1. You can search our collection at the pop up or search our current list and find a book you'd like to read ([The Cozy Gathering's Bookshelf](#)). If you find what you are looking for, head to the [form](#) to select the book from our dropdown. If you're the first to select this book, it will be waiting for you at our next pop up. If you are not the first, we'll add you to the waitlist for when that book comes back for its next swap!
2. Didn't find one you want to read, no problem - add to the wishlist via our [form](#) and we'll try to find you a match.
3. Let us know which book you'll be dropping off via our [form](#) so we can start making potential book matches! Books will NOT appear on our virtual bookshelf until we have them for distribution.
4. Once our shop is up and running, you'll be able to do this during our regular scheduled hours, but until then keep on eye on our social media accounts for our upcoming pop ups.

No matter what, please visit [The Cozy Gathering's Library Form](#). We can't wait to see you at the next pop up!
