### **IN THE SPOTLIGHT : DIRECT SERVICE PROFESSIONALS (DSP'S) RECEIVED JACKETS**

**With the support of PCBDD, PerCo got jackets for our DSP's, to show our appreciation for everything they do here. The jackets are all the same color of blue with the PerCo logo on the left and their names on the right of the jacket front. They have a jersey lining that helps to keep them warm and the outside is made of a wind-breaker material. There's also a hood on the back. Our DSP's drive the PerCo vans and pick most of our people up at their homes in the morning and take them back in the afternoon. They also take them out in the Community to exercise, go to the store, eat lunch out, etc. They volunteer their help at the Food Pantry, Clothes Closet and other places in the county as well. All of that is on top of the jobs they do here at PerCo to keep production going.**
