

AFFIRMATIVE PRAYER

PRAYER MUST BE AFFIRMATIVE

1. God knows nothing of negativity
2. You only want two things - To be in the presence of Spirit and to be aware that you only want to live by law.
3. The hardest thing in the world is to expect the result you want. Expect the essence of what you want.
4. We have to accept that things are difficult because we haven't made them easy.

Write down the things that appear Difficult:

Are you willing to make them EASY?

If you made them easy - Who would be wrong?

What do you want to be EASY?

Affirmation for this week: Everyone wins in my space, including me!

Divine Love is drawing to me now. All that is needed to make me happy and make my life complete. This is a miraculous joyful day and I cannot wait to see how Spirit handles every little detail perfectly!

See you next week: See if you can say this 20 times a day. Take 10 and do it!

“Divine Intelligence. What positive, constructive, and creative thought, word, attitude, or action is my next step to improve my present work? What is the next step into the abundance, satisfaction, and freedom that is mine by divine right?” Catherine Ponder
