To Whom It May Concern:

On behalf of the Brentwood Bay Community Association, I am writing to express our support for the proposal of a community garden in Central Saanich.

We believe that this initiative has the potential to bring residents of Central Saanich together with a common bond of learning and sharing knowledge of food sustainability, and in so doing will create a much more vibrant and healthy community for us all.

The society's vision to include arts and music in the garden can only enhance and complement the work that we do as a non-profit society. With the incorporation of the United Nations Convention on the Rights of the Disabled as well as the United Nations Declaration on the Rights of Indigenous Peoples in their mandate, the Central Saanich Community Garden Society Board have ensured that all residents will be welcome and given equal access, and we will all be richer for having this project in Central Saanich.

We fully support this vision for our community of Central Saanich.

Sincerely,

Leslie Gentile, Board Member
Brentwood Bay Community Association
