

The Bottom-Line on BSL, according to Big Ben!

#BSLFreeOnt
#OCABSL

Did you know...

BSL actually increases your chances of being involved in a dog related incident (namely biting or chasing) as it ignores problematic dogs of breeds not mentioned in the law?

BSL has been responsible for the deaths of tens of thousands of innocent dogs and puppies around the world?

BSL does not enhance public safety – it in fact decreases public safety by providing a false sense of security!

BSL costs tens of millions of OUR tax dollars to enforce each year, yet dog bite incidents don't go down?

More than 100 communities across North America have repealed BSL since 2016, and have opted for responsible ownership laws instead?

Including an early childhood education program on safe dog etiquette decreases the chances of being involved in a dog related incident?

When will Ontario finally focus on irresponsible owners instead of specific breeds of dogs?
