

DIY Cabinets Inc.

Do It Yourself And Save

Hello,

We would like to thank you for considering DIY cabinetry for your next cabinet purchase. We understand how important your project is to you! If you are like most clients, the kitchen is one of the largest remodeling purchase you will ever make. And the quality and durability of your cabinetry is the most important deciding factor in which cabinetry you choose.

This is where we come in. Your purchase experience with DIY is sure to be one of the easiest decisions you have ever made. Because we offer Masterbrand Diamond cabinetry, you are going to get a wide selection of styles and stain or paint colors to choose from. Until now, these cabinets were never seen online, and could only be purchased from one of the largest home improvement box stores in the USA. And the difficulty with this approach was in the lack of training with the kitchen designers. But now, you can have your kitchen designed using the latest version of 2020 software showing you beautiful 3D designs, and put together in the most intelligent way by our associates.

The process is quite simple as shown below

- Watch the **How to Measure Usable Space** video that is located on the **Start Here** tab of our website.
- Draw the space that we are designing for cabinetry on the attached Graph Paper document.
- Fill out the Acknowledgment form fully and sign the document
- Fax or email the Drawing and Acknowledgment form to us at 615-299-0308 email - info.diycabinetsinc@gmail.com

That's it! We take it from here by first contacting you to discuss your drawing to confirm that the measurements we are reading on your drawing are visible and accurate. Next, we design your space. Finally we send you 3D renderings of your space and contact you to discuss your project in great detail and make any final changes to your design. You will receive your price for the cabinets with your 3D rendering.

If you are ready to move forward, we then send you an invoice. We accept all major credit cards, PayPal, Apple Pay, and even e-check with our routing and account info on your checking account.

But our service doesn't stop there. We follow up with delivery dates, tracking numbers, and we are just a phone call away with any other questions you may have. Your cabinets are custom made to order and are delivered directly to your home.

Thank you once again for your interest in our service. We will work very hard to win your business and referrals.

Cheers!

Jim Davidson
President - DIY Cabinets Inc.

Acknowledgment Form

I, _____, assume the full responsibility for putting
Print Client Full Name Here
the correct dimensions on my drawing. I further acknowledge that it is my (the clients) full responsibility to have the ability to read a tape measure correctly. I have watched the **How To Measure Usable Space** video located on the Start Here Page of the DIY web sight located at DIYCabinetsinc.com. I (the client) understand that an associate from DIY will be contacting me to discuss the drawing and will read every dimension to me on a recorded line to confirm accuracy. I give DIY permission to connect me by the phone number that I have filled out on the bottom of this sheet. I further acknowledge that DIY will in no way give my number out to any other party and will keep my number private and free from any solicitation.

It is fully understood, that I will not be charged for 3D renderings of my space earmarked for new cabinetry and will only be charged by invoice for my cabinetry if I choose to purchase them. I (the client) understand that I will receive all wall elevations with dimensions, floor plans with dimensions, and cabinetry parts list 4 business days after my purchase. DIY Cabinets Inc. will hold my funds for 4 business days in honor of the 3 day recision right law. DIY Cabinetry will then contact me (the client) again to discuss the dimension plans and cabinetry parts list in detail to make sure that I (the client) understand the product specification, design and dimensions and correct. DYI will then put the order through with Master Brand and your production will begin. I finally understand that delivery of my product may take up to 6 weeks from the order date to reach my project address, as they are made to order cabinets.
