Version: 4.0 (Master Integrated + Website Financial Policy)

Practitioner Information

I. Scope of Practice & Methodology

Black Dog Investigations (BDI) operates on a strict metaphysical framework based on historical Nahua (Aztec) principles. We are **not** ghost hunters, mediums, or entertainers. We are **Diagnostic Specialists** and **Resolution Practitioners**.

- **Nature of Services:** These services are religious, spiritual, and metaphysical in nature.
- **I Am Not a Licensed Professional:** I am not a physician, psychologist, psychiatrist, licensed counsellor, or any other state-licensed health-care provider. I do not diagnose or treat medical or mental-health conditions, and I never advise anyone to discontinue prescribed medication or medical treatment.

II. Environmental Pre-Requisites (The Tlazolli Clause)

Service is contingent upon a safe and clean environment. In the Nahua framework, physical filth (*Tlazolli*) acts as a food source and anchor for parasitic entities.

- **Hoarding & Sanitation:** The client agrees that the property must be free of significant clutter, hoarding, animal waste, or biological hazards.
- **Right of Refusal:** BDI reserves the right to **terminate the investigation immediately** if the property is found to be in a state of squalor or hoarding. In such cases, the deposit is non-refundable.

III. Media, Recording, & Confidentiality Policy

This is a private clinical intervention, not a media event.

- **The Media Blackout:** No third-party media crews, journalists, or documentary filmmakers are permitted on-site during the active investigation or resolution phases.
- **Client Recording:** The client agrees **NOT** to photograph, video record, or livestream any part of the diagnostic sweep or resolution ritual without the express, written permission of the Practitioner.
- **Our Records:** BDI may record audio/video for internal diagnostic use. These records remain confidential and will not be shared publicly without Client consent.

IV. The "One Shot" Mandate

We work towards definitive resolution.

- **Compliance:** The client understands that "Resolution" requires strict adherence to the Practitioner's post-operative instructions (e.g., maintaining a seal, refraining from spirit board use).
- **Relapse:** Failure to follow these instructions may result in the return of the entity. BDI is not liable for recurrence caused by client non-compliance.

V. Financial & Refund Policy

All payments are final and non-refundable once the session begins.

- **Definition of "Session Start":** The session officially begins the moment I leave my location to travel to you (for on-site visits) OR the moment we connect for a scheduled remote/Zoom/phone session—whichever comes first.
- **Pre-Payment Rules:** On-site diagnostics and restoration services require full or partial payment in advance. Remote sessions require payment prior to the scheduled call.
- **Non-Refundable Triggers:**
 - Once payment is received and I begin travel to your location, the session is considered started and the payment is non-refundable.
 - Remote sessions become non-refundable the moment the scheduled call connects or I begin reviewing any materials you have sent.
- **Cancellations:** If you cancel *before* I leave my location (on-site) or *before* the remote call connects, any payment minus actual expenses already incurred (travel fuel, prep time, etc.) may be refunded at my sole discretion on a case-by-case basis. There are no automatic refunds.
- **Extenuating Circumstances:** Serious illness, death in the family, etc., are reviewed individually. Clients must email blackdoginvestigationstx@gmail.com as soon as possible.

VI. Consent to Enter & Release of Liability

Protection for the Practitioner and Team.

- **Consent to Enter:** By signing below, I consent to Ty Weston **and any agents, assistants, or team members he brings** entering my property to perform the agreed paranormal diagnostic and resolution services.
- **Assumption of Risk:** I acknowledge that spiritual/paranormal work can sometimes surface strong emotions or temporary physical discomfort (e.g., temperature drops, skin-crawling sensations). I accept these possibilities.
- **Liability Release:** I agree to release and hold harmless Ty Weston, Black Dog Investigations, **its agents, assistants, team members, and any person accompanying Ty Weston** from any and all claims, liability, damages, or injury arising from these services or their presence on

the property. This release explicitly covers **premises-related claims, slip-and-fall accidents, property damage, or personal injury** incurred during the investigation.

VII. Mandatory Texas Disclosure

THE STATE OF TEXAS HAS NOT ADOPTED ANY EDUCATIONAL OR TRAINING STANDARDS FOR UNLICENSED COMPLEMENTARY AND ALTERNATIVE HEALTH CARE PRACTITIONERS. THIS DISCLOSURE IS FOR INFORMATIONAL PURPOSES ONLY. Under Texas law, an unlicensed complementary and alternative health care practitioner may not provide a medical diagnosis or recommend that a person discontinue a medically prescribed treatment.

Client Agreement
