# BETTER LIVING THRU RITZ MED SPA

## FRANKLIN MED SPA HELPS CLIENTS LOOK BETTER, FEEL BETTER

### BY JASON ZASKY

“We believe that when you feel better and look better, you live better.” In a nutshell, that’s the guiding principle at Ritz Med Spa, which offers personal and professional laser and med spa services.

“It’s our philosophy to provide exceptional care while meeting your health and beauty needs, inside and out,” says Practice Director Suzanne Prosser, who oversees the day-to-day operations of the five-person med spa at its facility on Cool Springs Boulevard in Franklin.

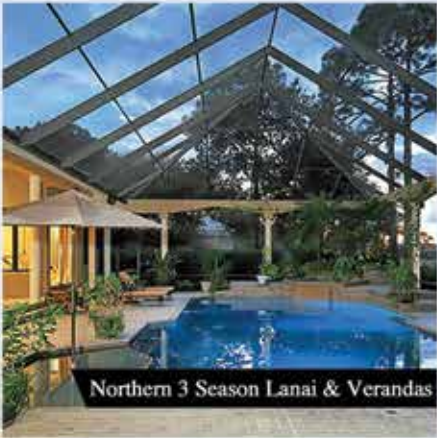

### SPA VS. MED SPA

In case you’re wondering about the difference between a spa and a medical spa, the former typically performs facials, light to moderate peels, massages, and the like—and employs aestheticians, cosmetologists, and massage therapists. On the other hand, a medical spa-like Ritz Med Spa has a physician who serves as medical director, which allows for more intensive services, including injectables, laser skin treatments, and more advanced chemical peels. A med spa can also carry medical-grade skincare products and prescribe medications.

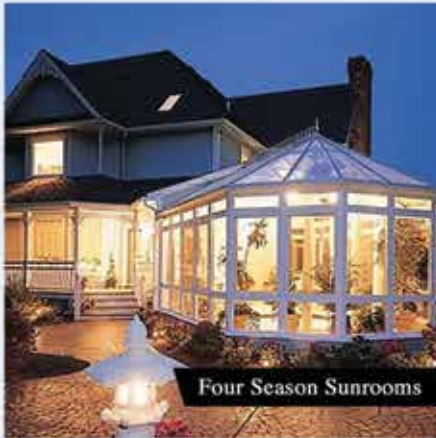

At Ritz Med Spa, Dr. Brady Harris—a triple board-certified cos-

metic surgeon specializing in cosmetic surgery of the breast and body—serves as medical director. He works alongside: board-certified family nurse practitioner Jamie Rucks, whose primary focus is bio-identical hormone therapy and threading; Erin Easterling, whose focus is dermal fillers and neurotoxins; and Christy Walters, a medical aesthetician who provides HydraFacial's, Dermaplaning, Microdermabrasion, advanced chemical peels, PRP Collagen Therapy, laser hair removal, laser rejuvenation and waxing, among other services.

#### **RITZ MED SPA'S GLOW FACIAL**

According to Prosser, one of the most popular services at Ritz Med

Spa is their Glow Facial, which consists of a Dermaplane or Microdermabrasion, their Red-Carpet Simulator Peel and LED light therapy. It "leaves the skin feeling so soft and smooth with a dewy glow," she says, noting how "it stimulates collagen to improve fine lines and helps decrease pigmentation."

As for less-well-known treatments that Prosser says deserve attention: Those include PRP scalp injections, "which use PRP—that it, Platelet Rich Plasma—that is harvested from your own blood and spun in a centrifuge to separate the red blood cells and the plasma," she says. "The plasma is rich in growth factors, and this is injected into your scalp to stimulate hair growth and improve thinning hair."

### SERVICES FOR MEN

In terms of the services that are popular with men, injectables are at the top of the list, according to Prosser.

“Crow’s feet and wrinkles plague men as well, but there are plenty of injectable options that are great for minimizing wrinkles and plumping the skin,” she says, before highlighting laser hair removal and facials, noting “Men like to be pampered too!”

Ritz Med Spa offers free consultations. As for the best way to get started with Ritz Med Spa, Prosser en-

courages interested individuals to reach out for a free consultation.

Ultimately, many clients choose to take advantage of one of Ritz Med Spa’s memberships, which range from \$79 to \$199 per month and allow you to take advantage of spa services each and every month, while saving money at the same time. All memberships also include a ten percent discount on product.

“It’s always worth it to invest in yourself and your health,” concludes Prosser. “When you treat yourself to a spa membership, you’re putting money back into your pocket while still enjoying everything we have to offer.”

# LOCAL AUTHOR RELEASES NOVEL SET IN HISTORIC NASHVILLE

In early September, Franklin author Michelle Shocklee will release her new novel, *Under the Tulip Tree*, a historical time-slip novel set in Nashville. Using local historical sites and the history behind the Federal Writers' Project Slave Narratives of 1936, Shocklee explores the power of story as her unforgettable characters grapple with the horrors of slavery and its aftermath. *"Shocklee elevates the redemptive power of remorse and the grace of forgiveness in this moving saga."* ~Publishers Weekly

## ABOUT UNDER THE TULIP TREE

Sixteen-year-old Lorena Leland's dreams of a rich and fulfilling life as a writer are dashed when the stock market crashes in 1929. Seven years into the Great Depression, Rena's banker father has retreated into the bottle, her sister is married to a lazy charlatan and gambler, and Rena is an unemployed newspaper reporter. Eager for any writing job, Rena accepts a position interviewing former slaves for the Federal Writers' Project. There, she meets

Frankie Washington, a 101-year-old woman whose honest yet tragic past captivates Rena.

As Frankie recounts her life as a slave, Rena is horrified to learn of all the older woman has endured—especially because Rena's ancestors owned slaves. While Frankie's story challenges Rena's preconceptions about slavery, it also connects the two women whose lives are otherwise separated by age, race, and circumstances. But will this bond of respect, admiration, and friendship be broken by a revelation neither woman sees coming?

Michelle Shocklee is the author of several historical novels, including *Under the Tulip Tree*. Her work has been included in numerous *Chicken Soup for the Soul* books, magazines, and blogs. Married to her college sweetheart and the mother of two grown sons, she makes her home in Tennessee, not far from the historical sites she writes about.
