

# LIQUID LEVEL GAUGE FOR HEATED LIQUID PRODUCTS

**CHECK ANY HEATED LIQUID PRODUCT SUCH AS ASPHALT, BUNKER-C, OR BULK HEATED CHEMICAL CAN BE GAUGED THE SAFE AND EASY WAY WITH A MOORMANN BROS. EYE-LEVEL GAUGE.**

Eliminate the risk of accidents due to broken rungs on ladders, broken or slippery runways and faulty handrails. With a Moormann Bros. measuring device your employees can check asphalt levels right from the ground—quickly, easily, safely.

Now offered by your distributor, these gauges can be installed on any tank — new or presently in use. They're designed so they can be installed without disrupting the use of the tank.

If you consider the costly consequences of just one serious fall, you can readily see how Moormann Bros. eye-level gauges pay for themselves.
