

Massachusetts' **JURASSIC ARMORED MUD BALLS**,
one of the world's rarest geological features!

Designate our unique
JAMBs as an official State
Sedimentary Structure! ★

State Dinosaur (*Podokesaurus*)
State Fossil (*Dino. Footprints*).

A NOTE FROM.....

our Mass. State Geologists confirm "The Jurassic Armored Mud Balls are one of the rarest sedimentary structures in the world, representing a unique geologic environment... and are only easily seen in Massachusetts. That alone makes this feature worthy of recognition." (Drs. Steve Mabee & Brian Yellen)

HOUSE BILL: **HD 548**

Lead Sponsor: Rep. Susannah Whipps & SENATE BILL: **SD 830**

Lead Sponsor: Sen. Jo Comerford

Join our "Working Group" (or work informally) to promote the JAMBs, especially in the eastern part of the state where familiarity with JAMBs is less common. Inquire about promotional materials. Let's get the JAMBs to go "viral"! **Contacts:** Richard D. Little armoredmudball@gmail.com, (413) 527-8536, Prof. Emeritus, Greenfield Comm. College and Tom Vaughn (t.vaughn@northeastern.edu), Adjunct Prof. Northeastern U. **PHOTO:** Armored Mud Ball, Turners Falls Sandstone, dime for scale. Dinosaur art: FunkMonk (Michael B.H.)
