Transamerica

Recordkeeper

Transamerica is an industry leader that, along with affiliates, has more than 75 years of experience providing innovative, best-in-class retirement plan services and solutions. With more than \$245 billion in assets serviced as of December 2016, Transamerica is ranked as one of the top providers of retirement plans. In addition to being the recordkeeper for the handling of the benefit payments and enrollments, Transamerica also provides support up to and through the plan participant's transition to retirement.

Financial Advisor

Offering a 401(k) and selecting the providers to run the 401(k) plan is a fiduciary decision. The Financial Advisor plays a key role in helping you with the due diligence process and documentation of that process.

Financial Advisors that offer the TAG Program are in tune with the complexity and liability of running a 401(k) Plan. Advisors that use the TAG Program look to reduce the administration duties and risk to you to the greatest degree possible, and at a cost that is competitive.

In addition, many advisors offer services that will help increase participation, help with enrollment meetings, provide investment guidance and education for the plan participants, provide plan reviews on a regular basis, and suggest potential plan-design enhancements.

TAG Bedrock Reporting System

The Bedrock Reporting System™ aggregates data from client uploads to check eligibility and rate changes. With the data gathered from the contribution files from the plan sponsors and recordkeepers, TAG can match their employees with the specifics provided in the sponsor's plan documents to determine eligibility and check match amounts.

The Bedrock Reporting System also captures rate changes, new loans, and hardships for the sponsors and monitors contributions and distributions to ensure compliance with plan documents and 401(k) limits. Every step in the process is time stamped so the complete data cycle is monitored from the payroll date to when the upload files arrive at TAG, to the time the funds are traded at the recordkeeper.

The Bedrock Reporting system allows TAG to produce a quarterly Fiduciary Report for each plan in the program so that TAG can monitor the operational health of the plan and catch minor errors before they expose the plan to possible compliance violations.

5 THINGS EVERY EMPLOYER WANTS IN A 401(K)

You want to provide a retirement plan for your employees that...

IS EASY TO ADMINISTER

TAG Resources performs 99% of the administrative duties required for a company to offer a 401(k) to their employees.

This removes the administrative burden from company employees and executives so you can focus on what's most important – running your business.

You don't want to be 401(k) experts.

IS COST COMPETITIVE

Because the TAG Retirement Program, is built on an "aggregated" model – your company gains the advantages of economies of scale in pricing.

You don't want to overpay.

MINIMIZES FIDUCIARY LIABILITY

The TAG Retirement Program allows a company to shift its fiduciary duties to the greatest extent permitted by law providing a company fiduciary support to mitigate defined legal obligations and responsibilities. This commitment by TAG Resources, provides for peace-of-mind that your fiduciary obligations are being met.

You don't want to be at risk.

TEAMS WITH WELL KNOWN PROVIDERS

The TAG Retirement Program combines 3(16), 3(38), and TPA services for "end to end" retirement plan oversight.

TAG teams with Transamerica as Recordkeeper, with \$245 billion* in assets serviced, and with Envestnet Retirement Solutions as the 3(38) Investment Manager, with over \$30 billion** in assets under advisement.

*As of Dec. 2016

**As of September 30, 2017, includes assets in 3(21) and 3(38) plans.

You want to partner with the best.

IS COMPLIANT

As of the 2015 Department of Labor random audit period, the DOL reports more than 67% of 401(k) plans failed their audit.*** However, plans administered as directed by TAG Resources have never failed an audit. TAG is your 401(k) Support Staff, signs the Form 5500, and ensures each plan is consistently in compliance with the DOL and IRS regulations. If you are out of compliance, TAG is out of compliance – and that has not happened in TAG's 15+ years of operation.

You don't want fines or penalties.
