

Bormann Wealth Management LLC's Business Continuity Planning

Bormann Wealth Management LLC has developed a Business Continuity Plan for how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our business continuity plan.

Contacting Us – If after a significant business disruption you cannot contact us as you usually do at nick@bormannwm.com, you should call us at 509-599-3125, or go to our website at bormannwm.com. If you cannot access us through those means, you should contact our clearing firm, Altruist (1-888-510-4660, support@altruist.com) for instructions on how it may provide prompt access to funds and securities.

Our Business Continuity Plan – We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm's books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption.

Our business continuity plan addresses: data backup and recovery; all mission critical systems; financial and operational assessments; alternate communications with customers, employees, and regulators; alternate physical location of employees; critical supplier impact; regulatory reporting; and assuring our customers prompt access to their funds and securities if we are unable to continue our business.

In addition to our firm's policies, our clearing firm, Altruist LLC, backs up important records in a geographically separate area and maintains its own business continuity plan, more info on which can be viewed at <https://altruist.com/legal>.

Varying Disruptions – Significant business disruptions can vary in their scope, such as only our firm's office, the city where we are located or the whole region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In the event of a significant business disruption, we have plans to move to remote locations as necessary. In either situation, we plan to continue in business, transfer operations to our clearing firm if necessary, and notify you through our website (www.bormannwm.com) how to contact us. If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our customer's prompt access to their funds and securities.

For more information – If you have questions about our business continuity planning, you can contact us at info@bormannwm.com.
