

Elephant removal now in Wainwright

Private outpatient alcoholism & addiction treatment programs are now available in Wainwright. We deliver abstinence based, evidence based, individualized treatment programs and counseling options for a fraction of the price of expensive, exclusive treatment centers.

Is there one in a room near you?

Let's address it together!

Disclaimer: Please be aware that we do not provide fancy rooms, beautiful views, silk sheets, 5 star meals, nature walks, massages, horseback riding, tennis, swimming pools, or movie stars, but most our programs were written by and will be delivered by the same people who worked at and managed that place.

Think Healthy

We get it! Our diversely trained staff include former management, clinical direction, program writers, professional group facilitators, experiential and addiction counselors from both not for profit and exclusive private treatment centers. Equally or maybe even more important for many clients are the combined 30 years of sobriety of just two of our counselors/group facilitators.
