ASSISTANCE

EASYGOP ASSIST

INTRODUCTION

full service medical support

Prepared for clients

Greetings from Easygop Assist

EASYGOP is a medical and non-medical travel assistance company based in Paris, France, and provides international housecall visits, ER, specialists, dentists, imaging, and other medical and non-medical services for its corporate clients.

We take care of every stage and every detail of the assistance: the result must be the excellence of the service and must be reflected in the entire satisfaction of both the client Company and the end-user of the service.

ABOUT US

Easygop assist has been in the business of well-being for over five years.

Easygop has fully interconnected and unified 24/7 Call-Centers, in France, Spain, and Morocco for the coordination of medical or non-medical cases in any place or time slot.

Easygop has a multilingual staff of highly qualified and experienced operators that allows us to achieve high levels of customer satisfaction in case management.

Our operating centers have a 24-hour service in German, Spanish, French, English, Italian and Portuguese, which allows us to directly access the suppliers of each country in a direct and fluid way.

Easygop has a network of medical and non-medical providers that amount to more than 20,000 professionals or entities, with collaboration agreements, and that is distributed in practically all the countries of the world.

Our services

HOUSE CALL

Home doctor service 24 hours a day, 365 days a year in most cities in Europe, Africa, the Middle East, and Latin America.

EMERGENCY SERVICES

Easygop has, in all the localities of its coverage areas, emergency services, either in private and/or public entities, where General Medicine, Internal Medicine, Radiology, and Traumatology services are offered.

SPECIALIST DOCTORS

In the most important localities, Easygop has 24-hour emergency services with specialists such as traumatology, pediatrics, gynecology, ophthalmology.

OFFICE VISITS

In the most important localities, Easygop has 24-hour emergency services with specialists such as traumatology, pediatrics, gynecology, ophthalmology.

OTHER HEALTHCARE SERVICES

Includes Imaging, Nursing, Physiotherapy, Laboratories, Podiatry and Rehabilitation.

NON-MEDICAL SERVICES

We offer you additional services to complement the medical services offered, including cash advance services, taxi services, hotel reservations, airlines tickets etc

Easygop Travel Assistance has an extensive Provider Network with more than 12,000 collaborators worldwide. Each and every one of the providers has been selected based on criteria of international quality standards, pertinent professional certifications, availability of specialized services, suitability, and price negotiation based on a detailed study of the local market of prices for service. All providers with whom Easygop has collaboration agreements, respond exclusively to the request for each specific service and issue their invoices, previously approved, to Easygop for payment. Easygop makes available its network of home doctors, medical centers (private and public), health, and home doctors, specialists, etc.
