## HINTS FOR EXHIBITORS

If you have not exhibited before, you are probably not aware that the proper staging of your exhibits may go a long way towards winning a prize. Several members of the Society have had considerable experience in exhibiting and are anxious and willing to help you if you contact them through a Committee member.
Below are a few notes which may be of assistance to intending exhibitors at the Annual Shows.
All vegetables should be clean and fresh and, as far as possible, free from blemishes. Where possible they should be correctly named. Good quality, combined with a size suitable for table use, is of the utmost importance. Size and weight greatly above normal usually indicate coarseness and judges will regard this as a defect. Exhibits comprising a ‘dish' should be uniform in size and one variety only.

POTATOES Aim at uniformity in the size of tubers. Medium sized, shapely specimens are greatly superior to enormous tubers.

CARROTS and PARSNIPS should be young and tender.
ONIONS Large onions are desirable, but must be free from blemish, well ripened and hard.

BEETROOT Should be selected carefully. Good colour combined with uniformity is important.

TOMATOES should be firm but ripe and stalks should be left on.
PEAS and BEANS The pods may be as long as the competitor likes, provided they are young and the pods are well filled. Try to preserve as much of the natural bloom as possible.

FRUIT Dessert apples should be of a good colour and appearance. Quality is always preferable to mere size. With cooking apples, size is desirable if combined with good quality and clear skin. Abstain from the practice of polishing fruit.
All fruit should be shown with the stalks attached. (RHS rule)
BASKET OF VEGETABLES All varieties will be awarded equal points. Up to 6 kinds of vegetable may be used. Need not be dressed for exhibition as required in other classes, but must be clean, trimmed and ready for the kitchen and nicely presented. Points will not be gained or lost if dressed.
N.B. Please notify Margaret on 01159728579 if you intend to exhibit in Classes 1 OR 2 (Collection and Baskets) by the Thursday before the Show in order to help with Show layout. Un-notified entries will be accepted only if space allows.
