Bringing **endless summers** back to NZ

2/15/2025

NOTICE OF PRIVATE PLACEMENT MEMORANDUM USD480,000

NZ Showcase USA Inc. (A FL Dom C Corp)

NORTHLAND
ANGELS
N.Z.

Showcase “Listing Sponsor” Invitation

Promoted in NZ by **Northland Angels Ltd** to help create access to Foreign Direct Investment (FDI) into Emerging Growth Companies, (EGC) in regional NZ, sourced through an “**Invest in NZ**” Showcase in Florida, USA.

M e m b e r o f

NZ CHAMBERS OF COMMERCE

N o r t h C h a m b e r

“Let’s create an Endless Summer sequel in NZ. The “Islands of Stability

Q: Which NZ regional capital will host production of this sequel?

‘THE ISLANDS

A work session at the AANZ Crossroads ‘24 session held in Wellington in October ‘24 affirmed this fact for NZ companies.....

“Capital Raising in the USA is absolutely transformative”.

STABILITY’

A TAX EFFICACIOUS, US “SUBSTANTIAL PRESENCE TEST”, **BOOMER GENERATION TARGETED ASP SANCTUARY RESIDENCE PROJECT IN NZ”**

**(“BOOMERS” - OWNERS OF 50% OF ALL US PERSONAL WEALTH)
(I.E. USD80T)**

OUR NZ INVESTMENT SHOWCASE IN FL.

THIS IS THE PLANNED PLACEMENT.

USD480,000 / NZD800,000 Sponsor Round

(US Rule 501, NZ Wholesale Investors only)

SEC Rule 504, Regulation D exempt placement of 800,000 shares in “NZ Showcase USA Inc” (the “Corp”) priced at USD0.60c per share in 80 parcels of 10,000 shares costing USD6,000 per Parcel and delivering a 48% ownership stake in the Corp in the event of full subscription. Above average, non-warranted ROI is forecast for qualifying persons / parties who participate in the Placement.

HELPING INNOVATIVE, NZ EMERGING GROWTH COMPANIES (“EGC”) RAISE “TRANSFORMATIVE” CAPITAL IN THE US THROUGH OUR “INVEST IN NZ” SHOWCASE.

AS AN “INVEST IN NZ SHOWCASE LISTING SPONSOR” SHAREHOLDER, YOU CAN HELP THEM TO ACCESS THIS CAPITAL IN NZD5M TRANCHEs VIA OUR “ENDLESS SUMMER” ASP PACKAGES.

WHY THE BOOMER GENERATION?

NOSTALGIA

Because an endless summer concept evocatively resonates with this generation who having emphasized change, now focus on intergenerational transition.

MONEY

Because by 2045, the collective Silent / ageing Boomer generation will transfer a reported **USD80T+** in intergenerational wealth. The largest in human history.

LIFESTYLE DIVERSIFICATION

Because age is only a number, Boomers will diversify their asset base to create lifestyle diversity through cross-border projects that deliver endless summers.

SAFETY

Because of increasing global risks and threats, the Boomer generation is looking to acquire sanctuaries in **countries like New Zealand** that enjoy low threat levels.

PLACEMENT ALLOCATION

800,000 LISTING SPONSOR SHARES @ USD0.60

As a private sector initiative seeking to facilitate the flow of FDI into NZ from a niche US investor group, set out in **Table 1** below, is the forecast “passthrough” income, (*tax free at source*), that attaches to each allocated Showcase Sponsor/ Share Parcel should the Showcase trading assumptions set out in the Private Placement Memorandum, (PPM) be met. Being a “**Forward Looking Statement**” neither the forecast trading figures nor the underlying assumptions are warranted to any party whatsoever.

This is a non-warranted, “Forward Looking Statement” to which PPM disclosed investment risks apply.

TABLE 1

| SHAREHOLDER / SPONSORS | Parcels Held | Shares Held | Issue Value (USD) | %age Held | Cost of Shares | Forecast Income Year 1 | Forecast Income Year 2 |
|--|--------------|-------------|-------------------|-----------|----------------|------------------------|------------------------|
| Forecast Passthrough income per parcel in USD) | | | | | | 10,092 | 20,200 |
| US SHOWCASE FOUNDER ALLOCATION | 86 | 860,000 | | 51.80% | 520,000 | 867,918 | 1,737,278 |
| US Showcase Sponsor (Showcase Property). | 86 | 860,000 | 0.61 | 51.80% | 520,000 | 867,918 | 1,737,278 |
| NZ SHOWCASE PARTNERS ALLOCATION | 40 | 400,000 | 0.60 | 24.10% | 240,000 | 403,680 | 808,000 |
| NZ Ambassador Sponsor Group | 40 | 400,000 | 0.60 | 24.10% | 144,000 | 403,680 | 807,600 |
| OWNERSHIP SUMMARY | | | | | | | |
| FOUNDER ALLOCATION (US-NZ) | 86 | 860,000 | 0.60 | 51.80% | 520,000 | 867,918 | 1,737,278 |
| SPONSOR ALLOCATION (NZ) | 40 | 400,000 | 0.60 | 24.10% | 240,000 | 403,680 | 808,000 |
| SPONSOR ALLOCATION (US) | 40 | 400,000 | 0.60 | 24.10% | 240,000 | 403,680 | 808,000 |
| SPONSOR SHOWCASE INTEREST | 166 | 1,660,000 | | 100.00% | 1,000,000 | 1,675,278 | 3,353,278 |

Due to the operational structure of the Showcase, the specific role of both the US and NZ based Sponsors within the structure and the dilutive effect of share issuance, the Corporation is not authorized to accept any over-subscription.

PPM FORECAST INCOME ASSUMPTIONS

The assumptive forecast income in years 1 and 2 per each USD6,000 Sponsor share parcel proposed for placement through **DOC-8218**, (the *Private Placement Memorandum - "PPM"*) is based on the delivery of the trading results as set out in Tables 2 & 3 below.

CORE ASSUMPTIONS

- ❖ That the NZ Listing Sponsors will originate sufficient investment stock for ASP / EGC packaging / listing.
- ❖ That the average package value will be USD5M each year. (*Conservative approach*).
- ❖ That it will take six months for the first package to close. (*Pipeline building*).
- ❖ That one package per month will follow thereafter. (*USD60M PA*).
- ❖ That no allowance has been made for inflation.
- ❖ That passthrough income is tax free at source.

This is a non-warranted, "Forward Looking Statement" to which investment risks apply

Pursuant to SEC Rule 504 of Regulation D this notice of offer by NZ Showcase USA Inc is in respect of an SEC exempt offer open only to Rule 501 compliant investors in the US and in NZ, to verified Wholesale investors only.

SHOWCASE SPONSOR-OWNER (SSO) BENEFITS

“Hi there, Linda logging in again. Here is a list of some of the tangible benefits that Showcase Sponsor / Owners will enjoy when partnering with me in sunny Florida. Yes, the Florida Keys is a great place for holiday break when you drop into Florida on business. BTW, first stop off the Overseas Highway, (US1) is for sundowners in “Key Largo” followed by dinner at the “Morada Bay Beach Club” in Islamorada!”

Florida Keys
2015

- Permanent US Office** The Showcase program delivers a permanent US sales, marketing and admin office address for an SSO.
- Unbeatable Location** Located on SE 17th St, the main arterial leading directly out of downtown Ft Lauderdale into the marina district and the tropical beaches of South Florida, the Showcase delivers a premium location. Surrounded by bars, café’s hotels, restaurants, tourist shops, cruise liner terminals, yachting industry goods & services support stores, pedestrian traffic is constant, 365 days a year.
- Highly Affluent** With more than 50,000 registered pleasure craft moored in 100 plus marinas in the Ft Lauderdale area, ranging from USD200M mega-yachts* to the smaller cruise launches, the area boasts considerable personal affluence in terms of both UHNW / HNW yacht owners, the visitors/guests of these owners and the larger body of tourists that flood the Ft Lauderdale area all year round.
- Qualified Prospects** Starting with the publicity that the showcase will create in both print and digital media during its fitting out / pre-opening stage, the opening function and ongoing marketing of the Showcase through social and traditional media channel partners, the Showcase will draw an increasing number of visitors who become “Investor Prospects” for Showcase product Listing Sponsors in Regional NZ.
- Investment Strength** The SSO package is backed by **(1)** an interest in the freehold owning property company, **(2)** ongoing cash flow from the pooled, Showcase investment marketing / introductory fees, **(3)** ongoing commissions payable in respect of deals where the SSO was also the Showcase product Listing Sponsor.
- ROI** Based on current modelling, an SSO is forecast to **(1)** recover their entire investment within two years, **(2)** enjoy circa 168% PA ongoing ROI on the original investment, **(3)** convert shares to equal value partnership rights when the Showcase Corp converts to a “passthrough” LLC post passing of title ownership in the property to the Showcase owning Corp.

* The main mega yacht mooring pier is only 500 yds from the Showcase.

OUR TIMING IS PRETTY GOOD!

*"I am confident we are now on the road to recovery, but recovery isn't enough. We have to go for growth. **We need a lot less no and a lot more yes.** We need to make it easier for farmers by focusing on commercialization of scientific breakthroughs. We need more foreign direct investment to stimulate new startup industries in New Zealand. We are going for growth."*

At face-value, these statements made by Chris Luxon on January 24th 2025 appear to portend sweeping changes and restructuring of the Government departments responsible for supporting the entry of FDI into NZ. Long overdue change that should encourage the private sector to undertake supportive activity that attracts FDI into New Zealand for injection into our Emerging Growth Companies, "EGC".

Here is my open reply to the PM's abovesaid korero.....

Dear Prime Minister Chris Luxon,

I recently had a korero with the CEO of the LA based company that owns and licenses the intellectual property rights to **"The Endless Summer".**

During our chat, the CEO told me that he would like to produce a New Zealand focused sequel to that iconic '60's era movie and asked me to make some inquiries re any central or regional Government support that may be available to support the production of an "Endless Summer" sequel.

One that would put NZ right back on the map for the '60's Boomer generation in the USA who now have the wealth to make serious investments into the NZ economy as part of their own lifestyle / asset diversification strategy.

It would help to build interest in NZ among my fellow American Boomers who by investing here and observing kaitiakitanga protocols, will setup and enjoy **"intergenerational endless summers" between the US and NZ.**

So c'mon Chris let's catch this wave, explore an "Endless Summer" sequel and goofy foot this huge pipeline of FDI into NZ. And no wipeouts.

OK?

"Hi Five" Linda.

In fact, our timing is very good. So regardless of your politics, there's a lot of money to be made.

'TEST-THE-WATERS' CAMPAIGN – USD515M (NZD850M) IN JUST 90 DAYS.

Noting way back in early 2024, that Trump was leading Biden in the opinion polls and may win the Presidency, Linda asked our office manager to run a **"Test-The-Waters"** campaign through our shop-window to gauge the likely interest of HNW Americans purchasing NZ agribiz assets (e.g. orchards) as lifestyle sanctuaries priced from USD5M+. Running Feb-May '24, the "Expression of Interest" campaign drew 131 people into the shop with 101 of them asking us to let them know when we **"had stock to sell"** in the Showcase window.

THE MATHS THEN: Take 101 x USD5M = **USD515M**, i.e., circa **NZD850M** at a .6 forex rate.

AND TODAY? Based on Trump's ongoing actions and the snippets below of headlines since Trump was elected President, maybe double this number.

THIS SUGGESTS: That with live product available through the Showcase, a doubling of this number would take the value of potential HNW investor interest to over **USD1B**, Circa **NZD1.66B** in FDI looking to come into NZ under our "Endless Summer" investor-visa residency packages.

18,000 Americans look into moving to NZ the day after Trump won

Tom Hunt | The Post

WITHIN 3 MONTHS OF MY OPENING THE SHOWCASE, IT WILL BE A HIVE OF "INVEST IN NZ" SANCTUARY SEEKING ACTIVITY WITH DEALS STARTING TO CLOSE FROM A GROWING PIPELINE!

WHY THE OLD NZTE DRIVEN “AIP” MODEL FAILED

(Yes, the residential availability debate can was kicked down the road.)

Active Investor Plus – full engine rebore fails so far

May 17, 2023 2:22:32 AM

Marcus Beveridge, Managing Director, and Andrew Nah, Law Clerk, of Queen City Law share their insights on Active Investor Plus.

This insightful “essay” on the failure of the “Active Investor Plus” (AIP) visa residency program launched under the previous NZ Govt sets out why it was battling to gain traction. Released by City Law, an Auckland based, immigration law firm, it provides a free market driven perspective on reality, not bureaucratic delusion when it comes to attracting HNWI’s to commit FDI into NZ.

[Click here to read why change was needed.](#)

CHANGE MAY BE PROBLEMATIC!

While we are all aware of the recent Government announcements re the changes being made to remedy the disaster of the old AIP regime, it will take time to put into place the mechanics needed to make the changes effective. If they simply

deploy / reassign staff from one old Govt department to a newly created one, hard to see where the creativity / thought leadership is going to come from to develop investment packages that will attract this much needed FDI into NZ.

WE NEED FOREIGN IP TO “LIVE IN NZ”

So why does Government drag the chain on change to residency? Why drop hurdles into the investor-visa pathway? If a foreign HNWI is going to pump NZD5M into a NZ company, it’s entirely logical assume that they may like to live here for a few months during the year. i.e., enjoy “an **Endless Summer**”. This enabling them to get “Active” in the investment they have made. Delivering both highly welcome financial and much needed intellectual capital. i.e. the “IP” that helps build a business.

LET’S COMPARE THE TWO PLATFORMS

| THE OLD (NOW DISBANDED) NZTE MARKETING | OUR PRIVATE SECTOR MARKETING |
|--|---|
| <p>THIRTY MONTHS OF THE “OLD AIP” ONLY NZD77M</p> <p>The goal was to attract at least 50 new investors each year, investing about half a billion dollars into the country. Only 52 AIP visa applications received. 6 Subsequently withdrawn. Reportedly, only 20 invested representing circa NZD77M. An 84% drop on the previous two years.</p> <p>Immigration Minister Erica Stanford reportedly told The Post “<i>that the existing rules created an absolute nightmare, complicated and difficult</i>” going on to say that “<i>no-ones’ been using it</i>”.</p> | <p>THREE MONTHS OF “TEST-THE-WATERS” STUNNING USD515M - / NZD850M</p> <p>Details of this campaign appears on page 6. Running on an “Expression of Interest” to invest USD5M into a hypothetical agribiz sanctuary investment package, 131 people walked in off the street in response to our window display. 103 of these asked to be contacted when “we had real stock” available.</p> <p>Assume a 1:10 conversion/closure, this would have delivered USD50M/NZD80M from a 90 day campaign. Imagine what a permanent “Invest in NZ” Showcase would deliver!</p> |

Our 90 day campaign proved two things. i.e. the value of **(1)** our superb location, **(2)** investment packaging of a defined product for a targeted demographic.

AND WHAT ABOUT A HOME IN NZ?

It is reported that the current coalition government members are “thrashing out a deal” to allow foreign investors who commit under the revised Active Investor Plus (“AIP”) to purchase a “NZ residence”. At the date of this paper, this further AIP tweaking has yet to be released.

FGS! Anyone investing NZD5M in a country wants to know that they are welcome. **Like they can buy a “home!”** Geographically speaking, we are seen as the safest country in the world and globally perceived as clean ‘n green with magnificent rural and mountain scenery along with magnificent diversity in our 15,000 km coastline. These attributes contribute hugely to a HNWI’s investment decision making process when comparing the huge array of golden visa opportunities around the world. **This makes it incumbent upon us to ensure “home delivery”.**

IT’S ALL ABOUT RURAL NZ

American investors love NZ agribiz investments as they deliver rural lifestyle sanctuaries. Far removed from the high pressure work environment of their home state/city. So while the current restrictions on (1) residential property purchases (2) sensitive land purchases over 5ha, there are various options that can be deployed and/or

developed to deliver that all important residence that any HNWI would expect / require when setting up a “home-away-from-home” sanctuary lifestyle in NZ. As Nic’s Head Station’s US owner, (NY based “Tiger Cub”) John Griffin demonstrated, huge follow-on investments are made that create jobs, benefiting the local economy,

BRANDED “LIFESTYLE” PROJECTS

Our target audience is the HNWI Baby Boomer who strongly identifies with the evocative lifestyle that the iconic, “**The Endless Summer**” movie delivers to that generation. Under our licensing arrangements this branding will be applied to the sanctuary residential component of an Active Investor Plus, (“AIP”) targeted package into which at least NZD5M has been bundled for investment into EGC’s to meet “AIP, Residence By Investment” requirements. This in turn delivering an intergenerational, tax efficacious, NZ-US cross-border “**Endless Summer**”.

Two options available (1) Agribiz Sanctuary Package “ASP” – “A rural lifestyle home with income (2) a luxury, purpose built residential property as desired by the HNWI American investors wishes.

“The Endless Summer Residential package

“The Endless Summer Orchard Collection”

BRINGING US "SANCTUARY CAPITAL" TO NEW ZEALAND

AMERICAN INVESTORS HAVE BEEN BEHIND MANY AGRIBIZ SUCCESS STORIES IN NZ

NEW ZEALAND'S NEW YORK DOYEN

Was the late Julian Robertson, founder of Tiger Management whose early investments in NZ included his 1995 purchase of a working sheep farm in the Bay of Islands area of the country. An investment that appeared to motivate one of his "Tiger Cubs" to similarly invest in New Zealand's agribiz sector with the purchase a working sheep and cattle farm south of Gisborne. John Griffin, founder of Blue Ridge Capital in NY, bought Nick's Head Station in 2002.

Since then press reports over the years show that John has accomplished much in terms of his long-term plan to re-establish native flora and fauna on the property. A winner of awards for both his commitment to environmental restoration & architecture in the design of his personal sanctuary, he has also invested significantly into the Station, purchasing adjoining farms, becoming a significant employer in the area as his agribiz interests expanded.

DEMONSTRATE A BENEFIT TO NEW ZEALAND'S ECONOMY

FOREIGN OWNERSHIP OF NZ LAND

All land over 5ha requires Government approval. Farms and orchards are classified as "sensitive land" and require approval of the Overseas Investment Office where the land area exceeds 5ha. Typically, foreign investors acquire NZ assets through one of two avenues to secure approval. Both requiring an investor to demonstrate how their proposed investment will benefit NZ.

IMMIGRATION INVESTMENT ROUTE

Comes with a residency requirement. As from 09/22 the Investor Residence Visa program requires an investment of NZD15M. Reduceable to only NZD5M provided it is put into a Govt approved private company needing early stage capital. However this comes with a lengthy residency commitment.

BUSINESS INVESTMENT ROUTE

No residency requirement. However the investment will be subjected to close scrutiny with emphasis on what contribution an investment will contribute to the nation's economy. Our Agribiz Sanctuary investments are structured to enable a foreign investor to have the "best of both worlds".

INTERGENERATIONAL BENEFIT

An NZ agribiz sanctuary investment ticks every box in the "benefits to economy" check list. It does this through its expansionary social impact delivery measured in terms of (1) sustainable recurring income for Grower-Producer tribal families, (2) wealth formation, (3) access to capital for rural agribiz growth, strongly espoused by the NZ Government.
