

The Unforgettable Awaits!

The Access to Justice Day event is a free, community-driven initiative for the public, offering free legal consultations from paralegals and lawyers in their respective areas of law. Educational sessions on legal rights will be held throughout the day by leading speakers in their fields. The public will be guided to the vital online legal resources available, relevant to their legal issues. By connecting individuals with the necessary support they need, we aim to empower and educate the public on their legal rights and responsibilities.

Live at Durham College's Global Classroom, located in Oshawa, ON or attend online.

Free Timmies' coffee for the first 50 in-person participants!

Draws and prizes throughout the day:
