

Dear Members of the St. John's Faith Community,

In order to comply with the Governor's executive order declaring a public health emergency in Texas, including a ban on gatherings of more than ten people, we will not be holding public worship services in our sanctuary this weekend. This moratorium is currently in place until April 3; this is subject to change at any time and of course, we will provide you with regular updates during this time period.

At the moment we are considering our options as how best to conduct worship and maintain maximum participation until the time comes when we can once again physically worship together. We will provide you with an update as early as tomorrow as to how this will take place. Please know that our church office will remain open and as your pastor, I am always available to you regardless of what your need may be.

This is a unique and unprecedented challenge for all of us, but I assure you we will remain a fully functioning church though all of this. Once again, I encourage all of you to remain calm and stand firmly on your faith in Christ. Always be mindful of the needs of others, and continue to be shining examples of Christian faith and fellowship. Pray for those who are ill and those who are fearful and with the help of God we will all be able to get back to normal, sooner rather than later.

*You who live in the shelter of the Most High, we abide in the shadow of the Almighty, will say to the LORD, "My refuge and my fortress; my God, in whom I trust. Psalm 91:1-2*

Yours in Christ,

Pastor Darrin
