

About Us

Real help. Straight answers. Coverage that fits.

MediLinksRx is a part of **First American Medicare**, we help people make confident decisions about health coverage—without the confusion, pressure, or jargon. Whether you're new to Medicare, reviewing your current plan, or exploring options for your family or small business, our job is to make the process clear and workable.

Meet Charles Clark

I'm **Charles Clark**, a medical insurance agent and lifelong sales professional. I started in sales in **1968** (door-to-door), then spent decades building relationships in business-to-business sales before returning in **2018** to focus on what matters most: helping people protect their health and finances with the right coverage.

Today, I work with individuals, families, and small businesses—bringing experience, patience, and a practical approach to every conversation.

What we help with

We can help you explore and compare options such as:

- **Medicare education & enrollment guidance** (turning 65, retiring, moving, losing coverage)
- **Medicare Advantage & Medicare Supplement (Medigap)** plan comparisons
- **Prescription coverage support** (Part D guidance and cost-saving strategies)
- **ACA/Marketplace health plans** (for under-65 individuals and families)
- **Dental and vision options**
- **Group health alternatives and membership-style benefits** for small businesses
- **Telehealth + generic prescription savings programs** (including options promoted under **MediLinksRx**)

If you're not sure what category you fall into, that's normal—we'll help you sort it out fast.

How we work

1. **We listen first** – what you have now, what you want to improve, and what you can comfortably afford.
 2. **We simplify the comparison** – plain-English pros/cons, not “sales talk.”
 3. **We help you take the next step** – and we stay available after enrollment when questions come up.
-

Why clients choose us

- **Experience you can feel** in the way we explain options
 - **Clear, organized comparisons** so you can decide with confidence
 - **Respect for your time**—we keep things simple and focused
 - **Ongoing support**—coverage is not “set it and forget it”
-

Our bigger vision

Alongside client support, we’re building **National Medical Marketing** to help more agents serve more people with better systems and better communication—so clients get faster answers and smoother experiences.
