

**Board of Park Trustees  
Meeting Minutes  
September 21, 2022**

The meeting was brought to order by Chairman Everett. Roll call: Everett present, Gonyer present, Boyer present, and Wildman present.

Minutes from previous meeting were approved as read.

Fiscal Officer reported the dinosaur fossil area is complete and just need to get up a sign from the Wood Co. Park District.

The concession stand power has been transfer over to the Village and the concession stand needs some repairs as well. Everett and board discussed about Little League and need to draw up a memorandum of understanding before next year's season. Fiscal Officer will forward some information over to Gonyer to look over and get up to date with some ideas suggested by a council member. These ideas are not set in stone, just something to start to build off of.

Boyer moved Wildman second to adjourn. All yeah, M/C.

Respectfully submitted,

Melissa Repasz  
Fiscal Officer
