

Village of Wayne
Regular Council Meeting
OCTOBER 20TH, 2021

The meeting was brought to order by Mayor Everett and the pledge of allegiance was said. Roll call was read: Bechstein absent, Gross present, Morlock present, Lee present, Vandersall present, and Wildman present. Lee moved and Wildman second to approve the minutes as read. All yeah, M/C. Lee moved and Morlock second to turn all bills over to finance and to pay all those found favorable. All yeah, M/C.

Poggemeyer Design Group, Jack Jones & Jennifer Fehnrich, introduced themselves and spoke about the various services they provide to communities, various grants (Storm Water, Sanitary Sewer, etc.), including free grant applications, and can supply temporary operators for water and sewer if something should happen. Mr. Jones spoke about hearing on some of the issues we had over the storm sewer possible project, etc. Mr. Jones & Mrs. Fehnrich cannot change what happened in the past but hoping to maybe have another chance on a future project to regain that client trust.

Wildman reported that the Halloween Parade line up is at 5:00 p.m. at the village park and moves at 5:30 p.m. Trick-Or-Treat is 6:30 pm to 8:00 p.m. on October 30, 2021. Parade Route: Park to Main St., Main St. to Hutchins St., and Hutchins St. back to the park.

Mayor reported for Joe that the tile on Elm St. has been fixed and Cam Tech was out to re-jet the tile. Mayor also reported that the Park District Grant 2022 have been turned in. Wildman spoke a little bit on Wood County Play (Facebook page) that's very interesting, lots of play ground ideas for everyone including new equipment for handicap. Look at possibly seeing what kind of ideas they might be able to help Park Board with next year on new equipment, etc.

Gross reported that Portage Twp. held a board meeting on the incident that Wayne Fire sent a letter too. The members were opened to what everyone had to say and various people voiced their opinions on the current fire chief. Mayor heard back from Morlock Asphalt and Mr. Morlock should be in town late this week/early next week to fix certain areas of the walking trail (believe not enough base underneath) as well as doing some blacktop patching were village had some storm sewer repairs done.

Fiscal Officer had forwarded the detention pond sketch to the council members to review. Council does have some questions on the plans/sketch and would like Choice One to come to next council meeting. Fiscal Officer will get in contact with Choice One. No update on the lighting contract however, cameras are installed at the village park and the camera software has been uploaded. Installer mentioned Joe was looking at adding another camera. Fiscal Officer will get with Joe and see what needs to be ordered.

Had 1st reading of Ordinance 11/21/741: 4-Way Stop at N. Watson St./E. Bryant St. Fiscal Officer will check with Joe if have more stop signs, etc.

No further business, Wildman moved and Lee second to adjourn. All yeah, M/C.

Respectfully submitted,

Melissa Repasz
Fiscal Officer

Council President
