Pastor Ron Merritt and Kory Tyson discussed with council about the Tara Subdivision property. Pastor Merritt discussed zoning however Wayne currently not zoned but would have to following Ohio State and County Building codes for the church, parking lot, retention pond, etc. Mr. Tyson asked about the streets however the streets are dedicated and cannot be removed. If all the streets need to be constructed or what part of the street is needed only depends on the plat of the subdivision. Solicitor and council discussed the storm sewer project. Solicitor is still waiting from a response from the County Prosecutor office (County says no however no evidence yet to stop the project). Solicitor said if the bid out would need plans, specs, etc. Zeigler will reach out to T.E. Price for a quote on the storm project and council might possibly look at other contractors as well.
