

Subrina Lynn Brenham

FOR DALLAS CITY COUNCIL DISTRICT 8

“I will Respond to and want to Know my Constituents!”

Greetings Constituents, Neighbors and Friends of District 8:

I am Subrina Lynn Brenham. I am EXCITED to announce that I am running for Dallas City Council District 8! As a lifelong resident of District 8, my family and I moved into the area when I was three years old. My ties with District 8 run deep and are significant because I received all my formal and secondary education within District 8. I Graduated from Bishop Heights Elementary, Kennedy Curry Middle School, Wilmer-Hutchins High School, and Paul Quinn College.

Having been a small business owner for 18 years and lived in District 8 for 56 years, as I drive to work daily and see the District that I love, work, and live in, plagued with disparities District 8 faces such as SHINGLE MOUNTAIN, LANE PLATING, still a FOOD DESERT, Public Safety, Health and Mental Health Issues, Loitering around local businesses, Illegal Dumping, and not to mention a DEFUNCT GOLF COURSE.

Dallas City Council District 8 is presently in need of positive changes. As your next District 8 representative, I will focus on economic development and growth, affordable housing, education, job opportunities that includes the formally incarcerated, additional presence of public safety, environmental issues, and the grocery store issue that continues to plague the community of Highland Hills. All I can say is “ENOUGH IS ENOUGH”. It is time to get in some “GOOD TROUBLE” and undertake the especially important and essential business to make District 8 a better place in the City of Dallas.

Of course, you may question Why am I running? Having over 15 years of experience of volunteerism, community activism, Precinct Chair and strong commitment and presently working in the Community, my heart and soul are very passionate about making my community better.

Other involvements in the community is providing fresh fruits and vegetables food boxes, feeding the families in the community, and annual voter registration drives. Moreover, I served as a Community Liaison as a (Community Action Network) representative with the Parkland Dallas Healthy Start Program for Infant Mortality. In that capacity, I lobbied for the Parkland Clinic that is presently under construction at the Re Imagine Red Bird project today. I have a special skill set for working with people in a Diverse environment that will allow me as the next Council Member to represent District 8.

I would like to have the opportunity on an elected official level to ultimately ensure that my Integrity, Loyalty, and Commitment will enable me to Respond, LISTEN, and Know THE STAKEHOLDERS OF DISTRICT 8. An open-door policy and servants' heart is a winning combination that will help improve the way of life in Dallas City Council District 8.

Sincerely,

Subrina L. Brenham
