STAGE 2 WATER RESTRICTIONS

WATER CONSERVATION: ORDINANCE 81

*** Amended 071322 ***

SYSTEM WATER USE EQUALS SYSTEM SUPPLY

CAUTION IS REQUIRED

To make it possible for customers with automatic timers on their outdoor water systems to program their timers one time and not be required to reprogram frequently and for the rest of our customers to have a consistent regular watering schedule we are making the following changes effective immediately:

- A. Lawns of odd-numbered addresses shall water on Tuesday, Thursday, and Saturday.
- B. Lawns of even-numbered addresses shall water on Wednesday, Friday, and Sunday.
- C. **NO** lawns or gardens shall be watered on **MONDAY** of the week.
- D. **NO** lawns or gardens shall be watered between 9:00 am and 6:00 pm.
- E. **NO** lawns or gardens shall be watered for a period longer than **TWO HOURS** per appropriate day.
- F. Any yard on an automatic watering system may water no more than 3 times per week and only once on each appropriate day regardless of odd/even clause.
- G. Any person found violating any part of this ordinance will be subject to the following:

Warning 1st violation will be verbal from district personnel

2nd violation- \$100.00 Fine

3rd violation- \$200.00 Fine

4th violation- \$300.00 and water disconnection. Reconnection fees apply.

Amounts will double with each violation thereafter

- H. Pool draining and refilling is only allowed for health, maintenance or structural reasons and **requires water company approval.**

We hope this will make it easier for people to remember which days to water and when NOT to water. If we work together, we will get through this drought and fires.

Thank you for your efforts to help us save water.
