

HECTAFINE'S SYSTEM ALUMINIUM WINDOWS

*Innovative Aluminium Window Systems for
Modern Architecture*

Hectafine Alusystems
India Ltd.

OPEN THE WINDOWS
TO INNOVATION.

AT HECTAFINE, QUALITY AND VALUE ENGINEERING MEET ECONOMY.

Our experienced team is dedicated to crafting innovative & sustainable facade systems that are not only aesthetically appealing but also cost-effective.

Over the years, we've built a reputation for our commitment to quality, precision, & client satisfaction. Our expertise in facades & fenestration ensures that we stay at the forefront of modern architectural trends while meeting the unique needs of each client.

At Hectafine Alusystems, we believe that a window is more than just an opening—it's a seamless connection between design, innovation, and functionality. Our aluminium window systems are crafted to redefine modern living, transforming everyday spaces into inspirational environments filled with natural light, comfort, and elegance.

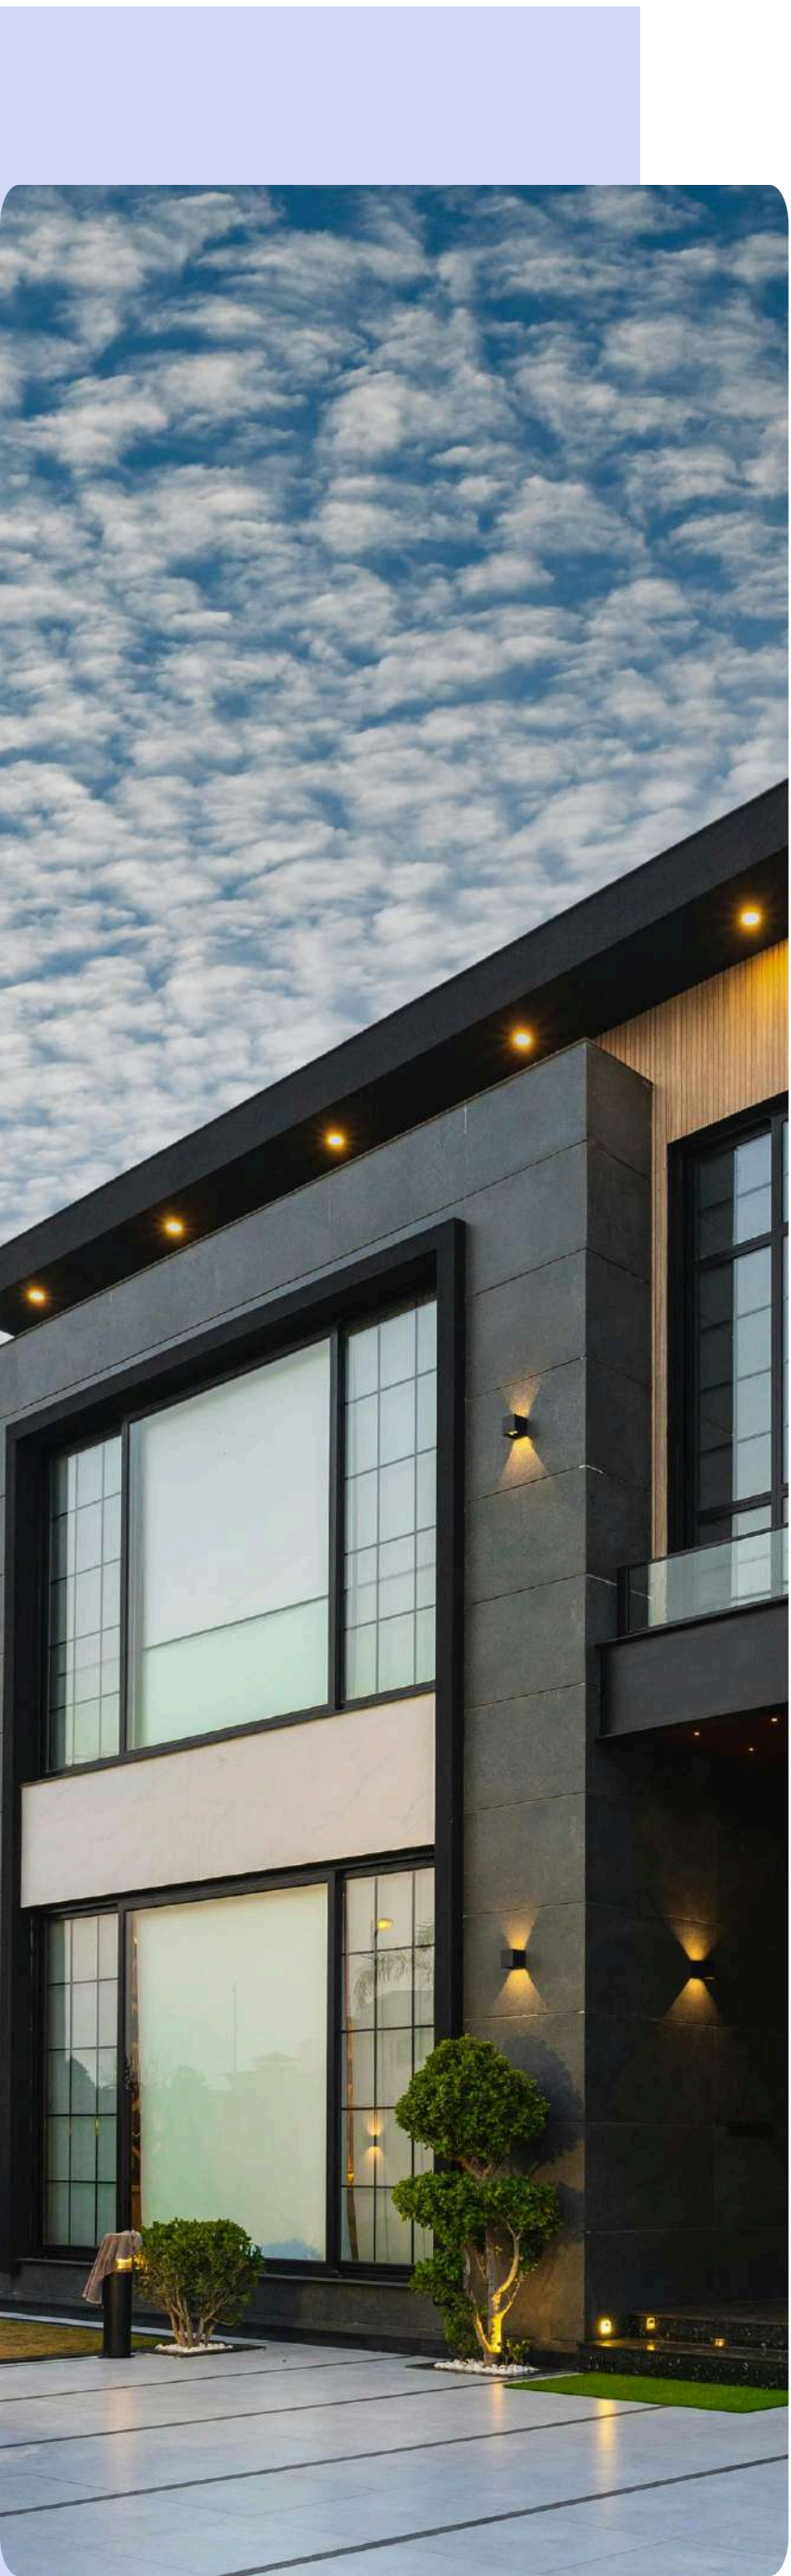

Our windows seamlessly integrate performance, aesthetics and durability. Whether you seek a minimalist, contemporary look or a bold architectural statement, we offer uncompromising quality and style.

Engineered with precision and made from high-performance aluminium, our window systems provide superior thermal insulation, acoustic comfort, and enhanced security. With a variety of designs, finishes, and customization options, we ensure that every window aligns perfectly with your vision.

At Hectafine, we don't just create windows. We frame possibilities, crafting experiences that bring light, openness, and efficiency into your spaces, so that every building stands as a testament to innovation and sustainability.

Choose The Aluminium Advantage!

At Hectafine Alusystems, we don't just offer windows—we provide end-to-end solutions. From design consultation and expert recommendations to hassle-free on-site installation, we ensure a seamless experience tailored to your needs.

Strength & Durability – Resistant to corrosion, warping, and weathering.

Sleek & Modern Aesthetics – Slim profiles for expansive views.

Low Maintenance – No rust, peeling, or frequent repainting.

Energy Efficient – Excellent insulation with thermal break technology.

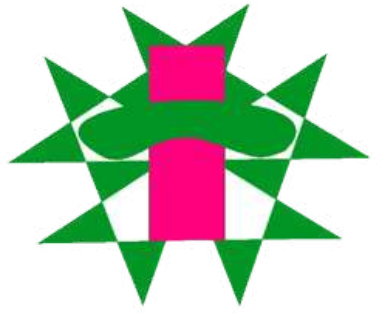

Sustainable – 100% recyclable and eco-friendly.

HECTAFINE CASEMENT DOORS & WINDOWS

Key Features:

- Taller profiles upto the height of 2.9 meters.
- Slimmer sightlines for wider vistas.
- Available with Zero-threshold.
- Co-extruded gaskets that can withstand temperature levels ranging from -20 to 50 degrees C.
- Wide range of glazing possibilities from 5 to 34 mm.

COMMON TYPOLOGIES

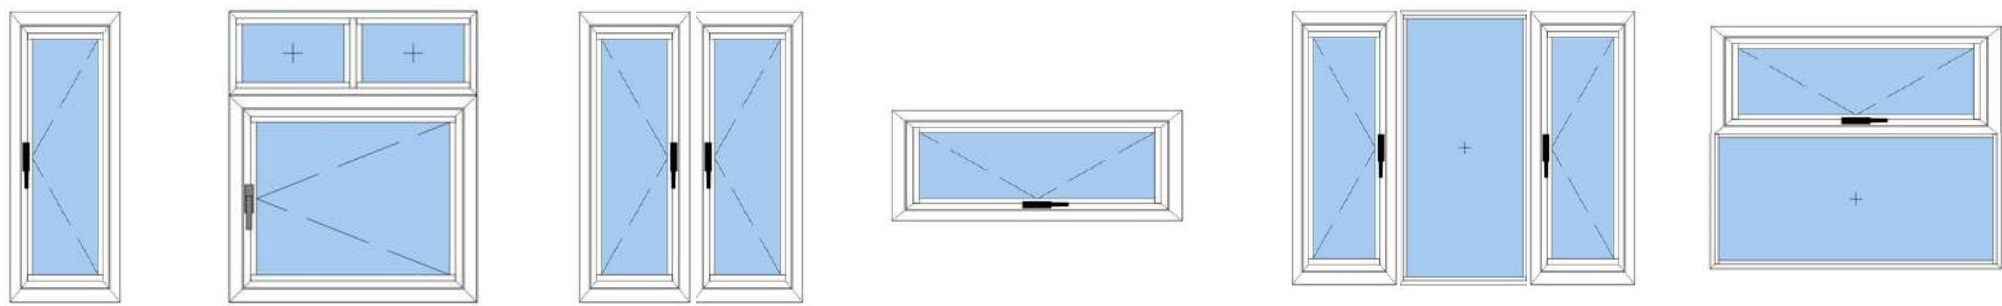

Top Hung

Side Hung

French Window

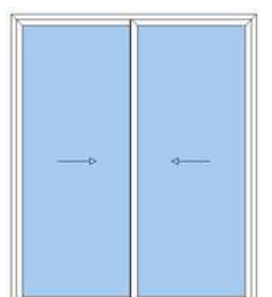

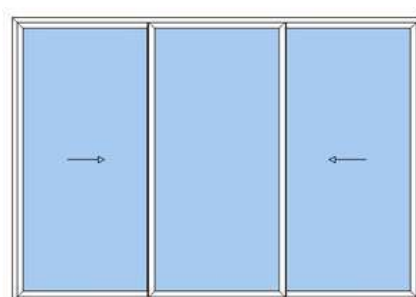

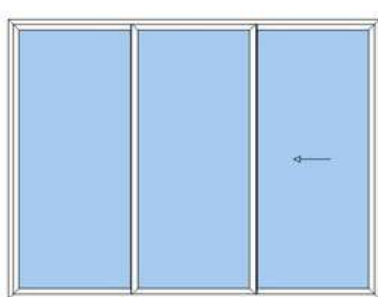

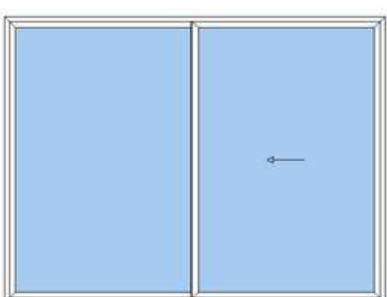

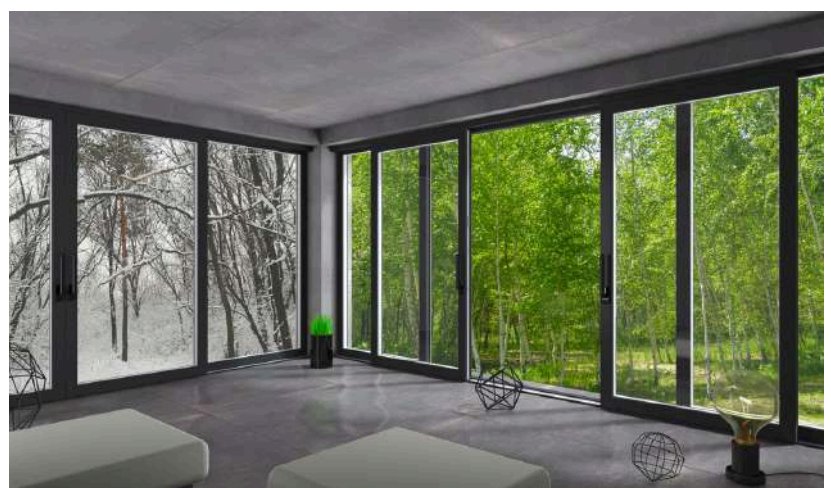

HECTAFINE SLIDING DOORS & WINDOWS

Key Features:

- Possibility of tall sliders of up to 3.55 meters with slim sightlines.
- Minimum visible interlock width in sliding system of only 30mm to maximize visibility and natural lighting.
- Meeting stile width of just 63mm.
- Special interlocking profile with integrated handle for functionality and significant wind load resistance.
- Customized provision of integrated insect screen.
- Wide range of glazing possibilities from 5 to 28 mm.

COMMON TYPOLOGIES

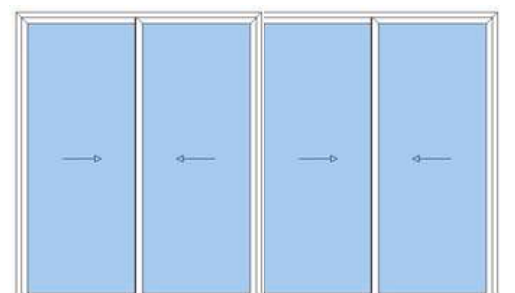

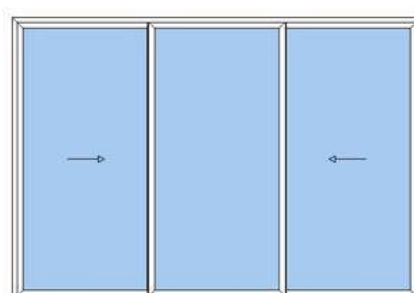

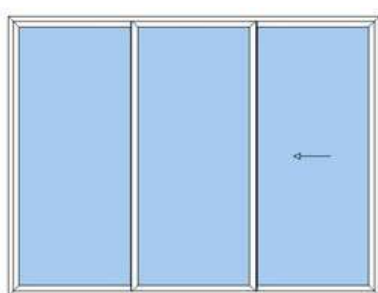

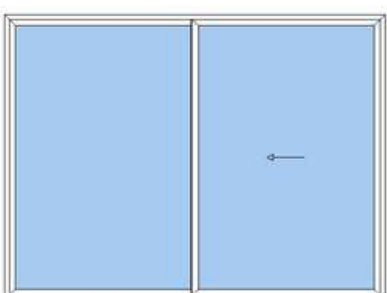

HECTAFINE LIFT AND SLIDE WINDOWS

Key Features:

- Smooth sliding panels with heavy duty hardware
- Large panel size for heavy load bearing capacity
- Better weather sealing with double compression seal
- Easy handling of hardware with internal linkages
- Provision to stop slider panel midway (providing a partial opening)
- Unobstructed views to the great outdoors without compromising security
- Exceptional noise insulation for quieter indoors

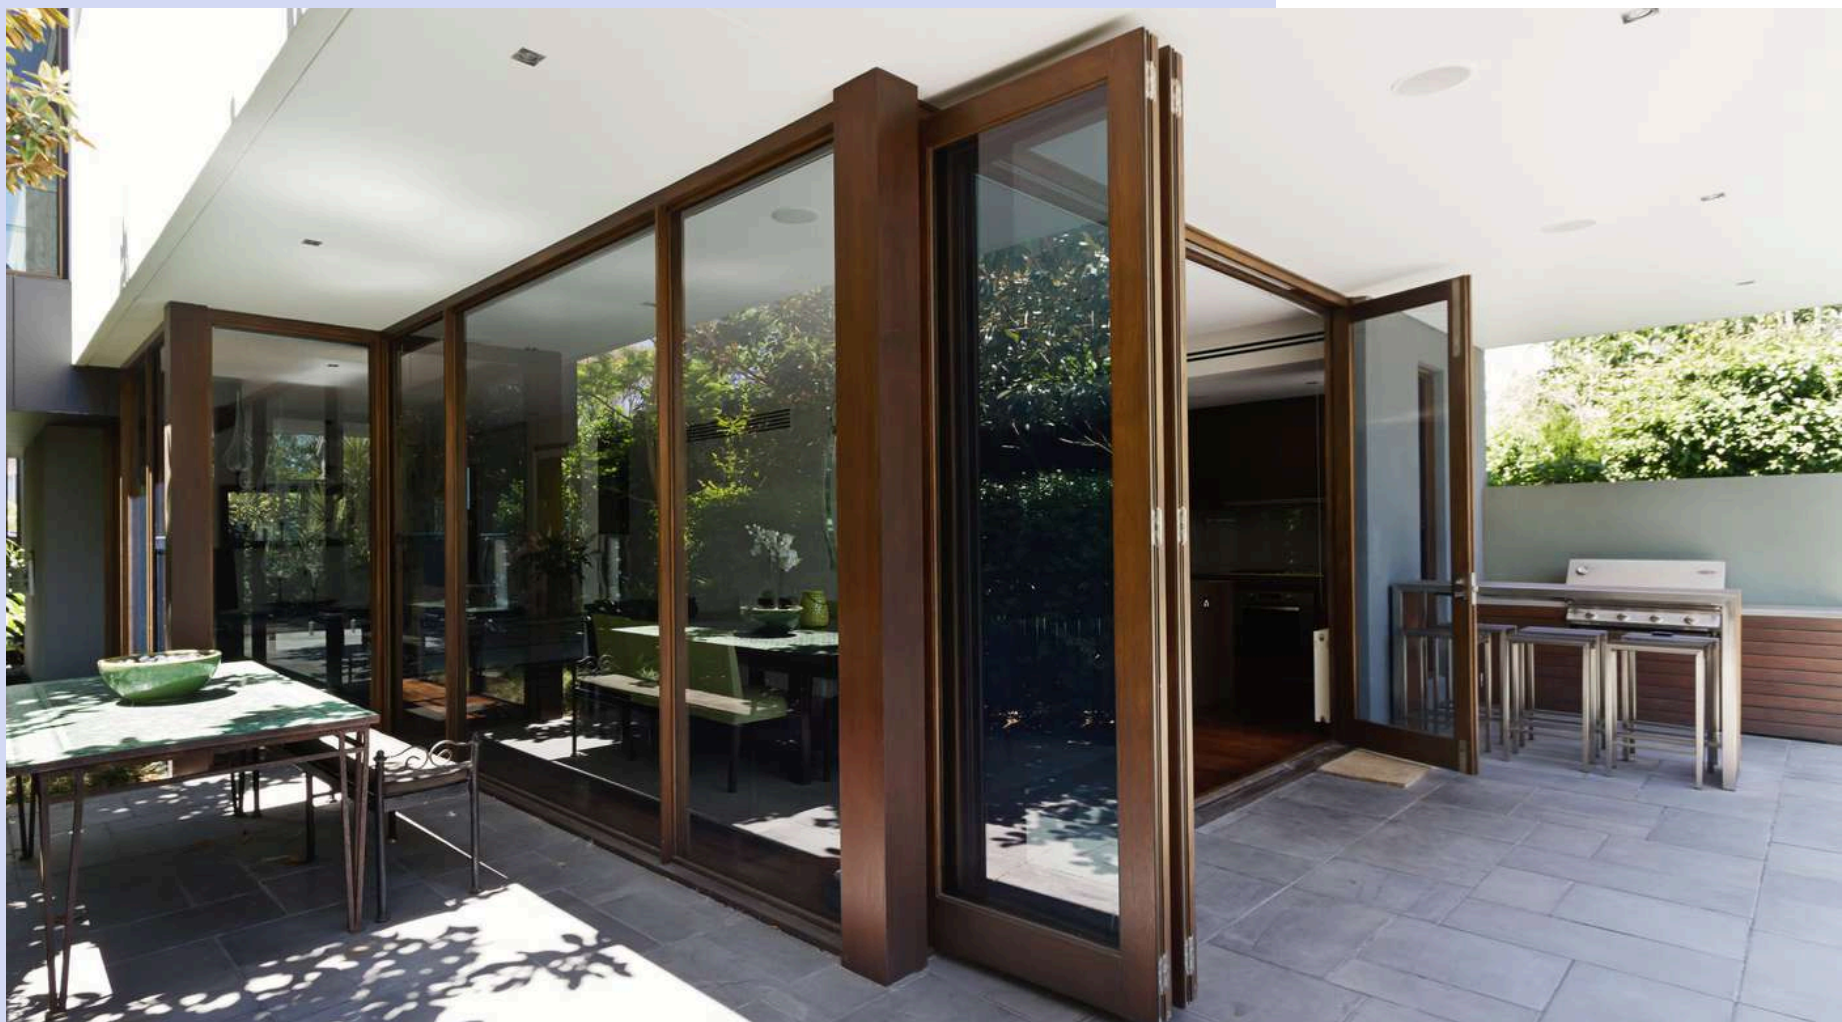

HECTAFINE SLIDE AND FOLD DOORS

Key Features:

- Unobstructed Openings – Designed for a complete and expansive opening.
- Seamless Integration – Flushed bottom track design ensures a smooth, uninterrupted floor transition.
- Effortless Operation – Heavy-duty hinges enable smooth and reliable folding.

HECTAFINE SOFT-CLOSE SLIDING DOORS

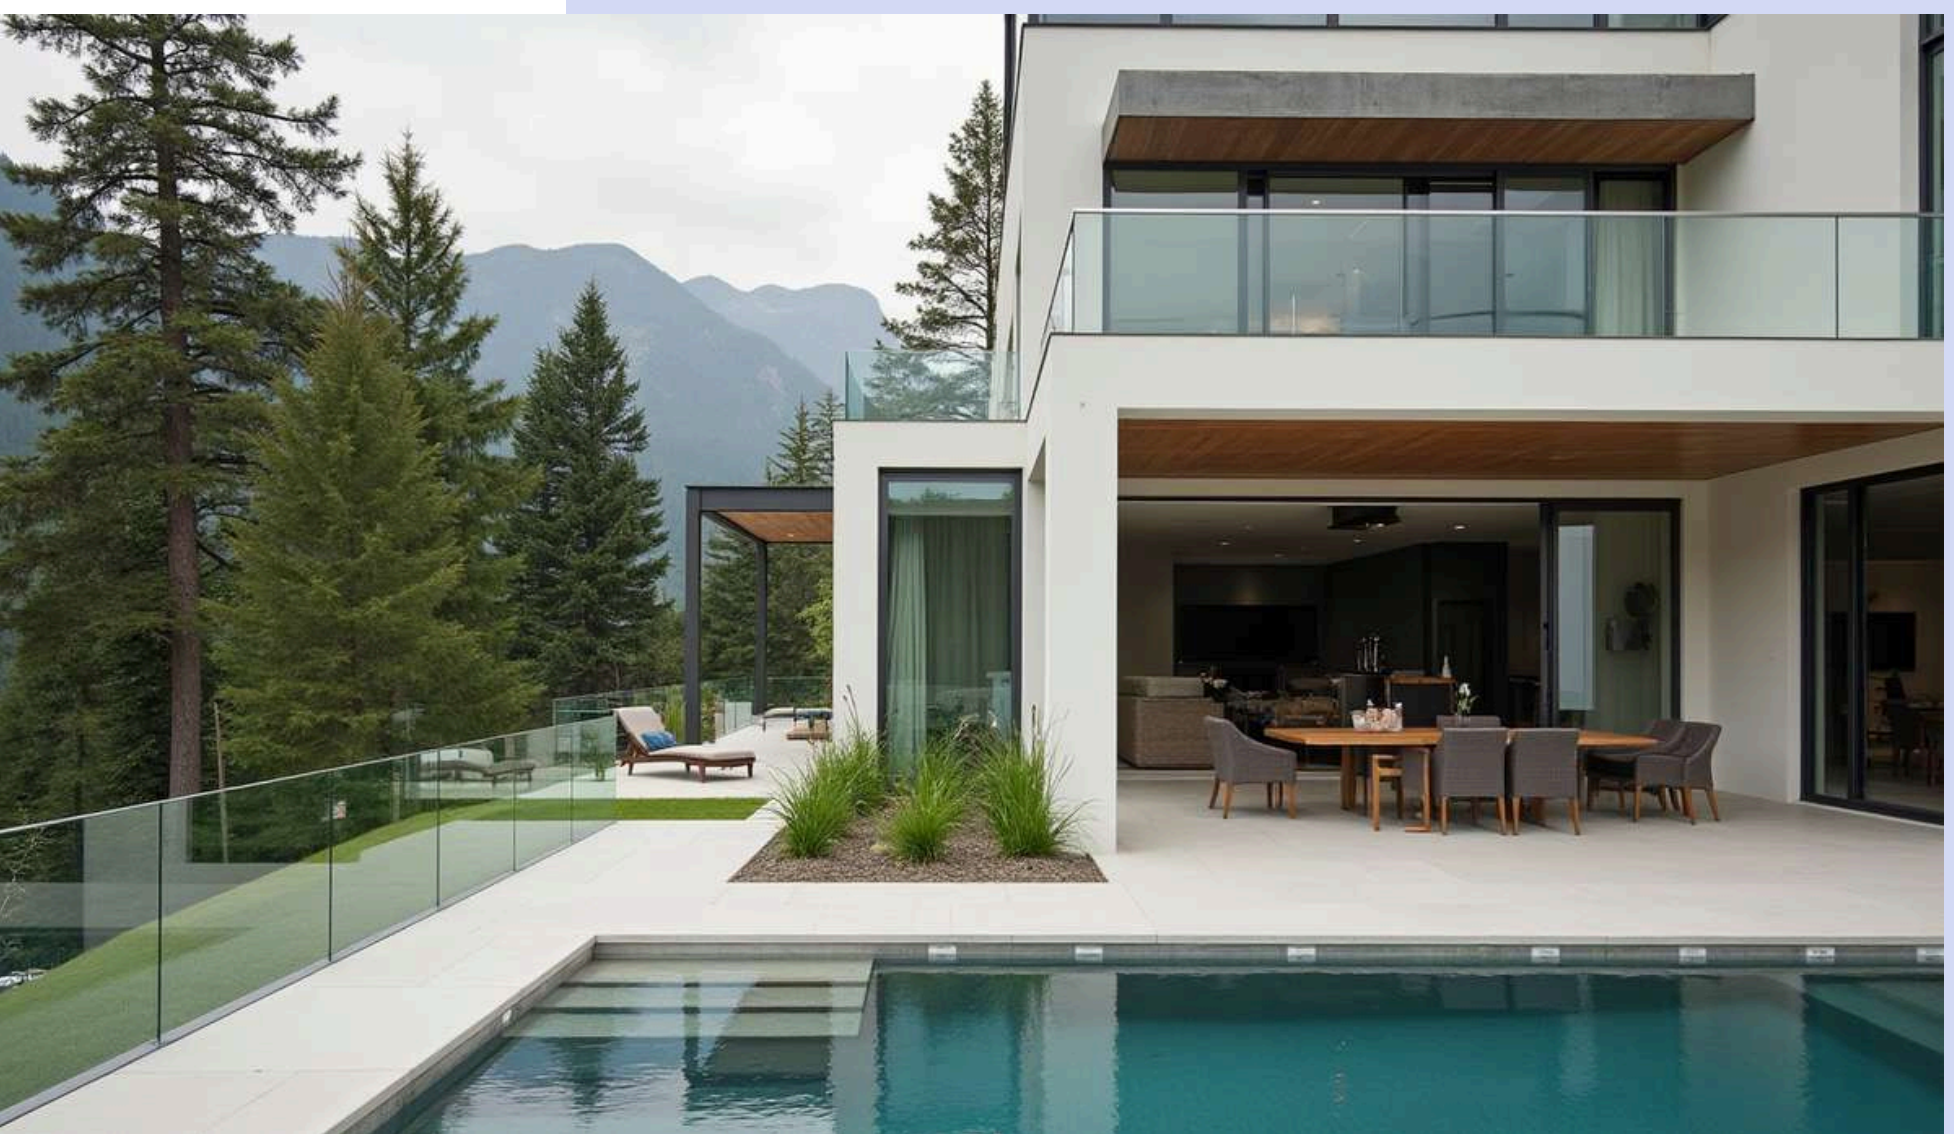

- Smooth & Silent Closing: Advanced soft-closing mechanism ensures a gentle and noise-free closing experience.
- User-Friendly Operation: Effortless sliding with minimal force, ensuring ease of use for all age groups.
- Space-Saving Design: Ideal for compact areas, maximizing usable space without requiring swing clearance.
- Durable & Reliable: High-quality aluminium profiles and precision-engineered hardware ensure long-lasting performance.
- Increased Longevity: Soft-closing mechanism reduces wear and tear, extending the door's lifespan.
- Customized to Your Liking: Available in multiple configurations, finishes, glazing options and sash sizes

GLASS TO GLASS FIXED WINDOWS

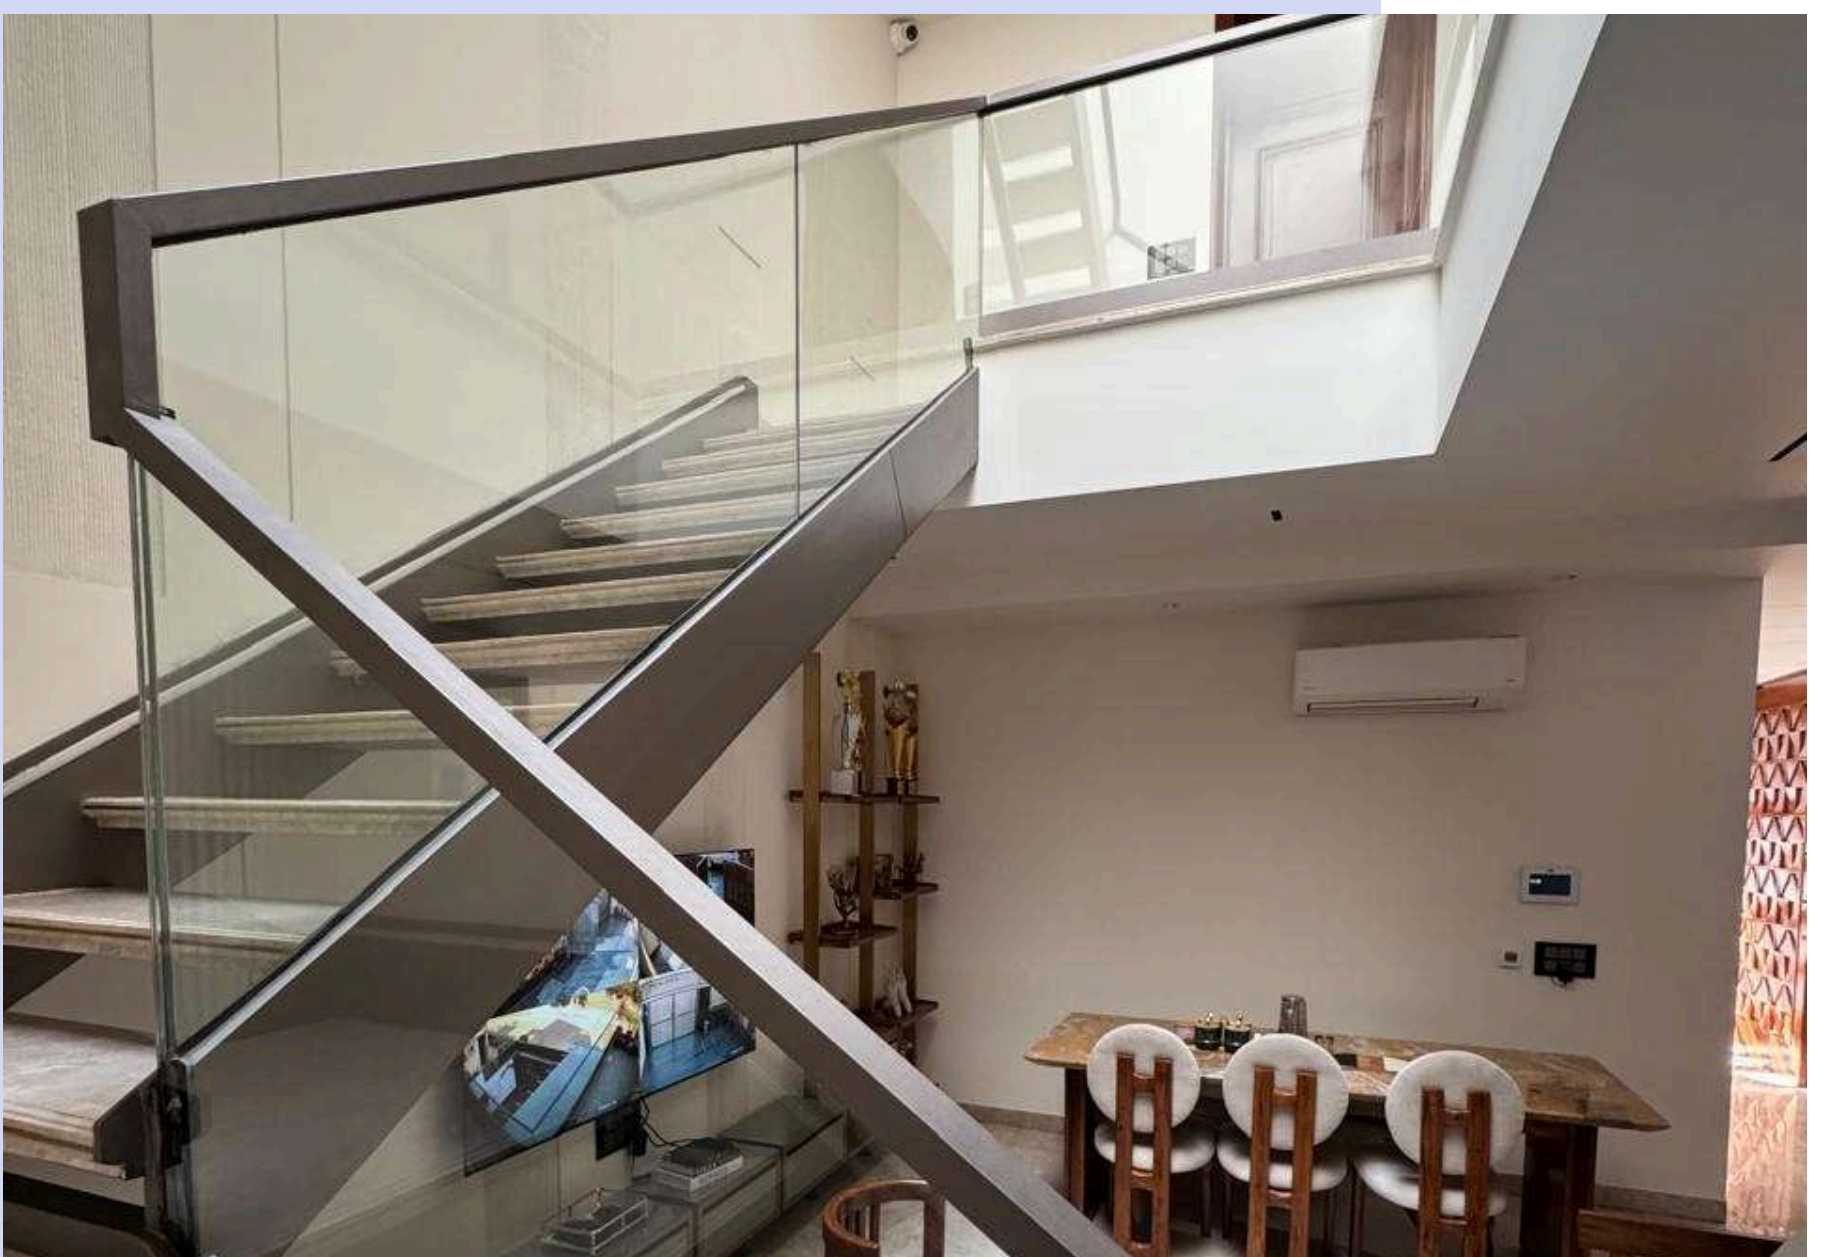

Glass-to-glass windows are aesthetically appealing as corner windows with glass panes meeting at a 90 degree angle to create a sense of space and completeness. These offer a great panoramic view of the outdoors and allows maximum natural light to enter.

FRAMELESS GLASS RAILINGS

Elevate Safety with Elegance. Hectafine's glass railings combine modern aesthetics with uncompromised safety. Designed with toughened glass and sturdy aluminium profiles, they provide clear views, durability, and minimal maintenance—perfect for enhancing balconies, staircases, and terraces.

HECTAFINE SHOWER ENCLOSURES

Bring elegance and functionality to your bathroom with Hectafine's premium shower enclosures. Available in multiple designs to suit your style.

- Framed: Offers a classic look with robust frame support
- Semi-Framed: Combines the stability of framed enclosures with minimal framing for a modern aesthetic.
- Frameless: Features a sleek and minimalist design that enhances visual spaciousness and a contemporary aesthetic, perfect for luxury bathrooms.
