

Report on OSL Training - January 2022

Dear Partners,

I am happy to report to you that the OSL training was a blessing. 17 Pastors and elders participated representing 17 churches in and around Macherla town. Pastor Paparao from the Lutheran church opened his church for the training. Pastors loved the study material we shared. They are so thrilled about how God enhanced their faith. They have read through the gospels several times and preached from them. They have attended several meetings where people taught from the gospels. But this was the first time they heard all the healing miracles Jesus performed in one training.

Every single one agreed that it is the need of the hour. Every one returned home with a great power to heal the sick. They are so happy that their churches are going to be filled with so many newcomers. All of them were so happy to receive a \$15 cash gift each.

We are going to train 15 more on 16th & 17th of this month in a place called Palasa. I thank Gary, Mike and Noreen for sending \$1500. You are a huge blessing to thousands of people in the Indian villages. We need \$700 more to cover all the cost for this training. We pray and look forward to it.

Bro Renju, one of our elders, joined me in teaching. He led the group in singing as well. I would appreciate your prayers as I travel on 15th to 17th of this month.

Thank you so much for being part of the mission in India.

Blessings!
Pastor Samson Veruva
