Mercy College of Nursing, a minority owned institution, is owned and run by the Church of Christ. It is attached to Mercy Hospital which was established in 1995. The Mercy Hospital is a Mission Hospital built up on a solid spiritual foundation and it is a living testimony to the divine call of God's people to signify the love of Christ.

Mercy Hospital is now one of the leading Super Specialty health care center and training institution in Kottarakara, Kollam district located at Valakom beside MC road with 200 beds for inpatients and an average of 150 patients treated daily at the outpatient departments. This pioneering institution offers up-to-date health care services at an affordable rate with a view of humanitarian and philanthropic consideration through its different faculties and departments headed by specialists and equipped with sophisticated devices which are handled by experts in the field.

Mercy College of nursing has good infrastructure facilities and highly qualified teaching faculties taking the responsibility to help the students keep abreast with the current knowledge and professional trends for a successful career. The Mercy College of Nursing offers a four-year B. Sc degree course as specified by Kerala University of Health Sciences, approved by the Indian Nursing Council and the Kerala Nurses & Midwives Council.

➤ Purpose

The main purpose of this course is to provide an educational programmed through which the graduate will be prepared to assume responsibility in the primary, secondary and territory care of people as professional Nurses. Nursing Education is a dynamic process and it responds to current and future demands of people in and ever-changing health care delivery system. It should be flexible in its approach to the learning needs of the students and maintaining high standard of performance. Education is an interactive way of study and experience that fosters development in critical thinking, communicative skills and the cognitive, affective and psychomotor domains. The sharing of knowledge and experience always encourages creative approaches to problem solving and accusation and development of skills. Learning is a lifelong process enabling the student to assimilate knowledge and develop attitudes, values, skills and competencies.

The 4-year B. Sc Nursing course is a formal educational preparation based on sound educational principles. As it is a foundation on which the practice of nursing is built, the furtherance of professional education in the realm of nursing depends on it.

The faculty of Mercy College of Nursing upholds the mission and vision of Mercy Hospital to which the College of Nursing is attached. Through an approved programmed of study based on approved syllabus, the faculty is committed to prepare the students for a nursing degree eligible for licensure as registered nurse. This institution helps the students to learn with proper direction, encouragement, insight, dedication and support in the present health care scenario. It is a fact that the student community faces with ever

increasing demand to learn more, do more and be more. Hence, they are required to acquire vast information and learn wide variety of skills so that they can become highly skilled professional nurses who can ensure better service to mankind and they are able to teach, do research and solve complicated professional and personal problems.

The management and faculty are determined to exercise ongoing efforts to mould up and maintain the college as a leading institution for nursing education furthering excellence in the field of medical science fulfilling individual aspirations and dreams in all respects.

➤ MISSION and VISION

The college urges the student to search for new horizon of knowledge and newer ways to discover the real needs of the humanity through research, study and extension. It aims to enable the educated to acquire knowledge and share this knowledge through nursing education and develop attitudes and skills in providing quality care to the sick with a holistic approach without any discrimination of caste, creed, color or social status.

The college envisages creating more suitable and desirable environment for the student to develop confidence, competence and compassion in nursing and to prepare the students for career placements all around the globe. The institution prepare students for the pressing demands of today and tomorrow keeping in mind the need to shape and mould a professionally competent generation, loyal to the highest ideals of health profession.
