Ally Production and or Faisal Ally/ Brian Ally do not do videos, write articles, books, songs for anyone, nor edit books and articles for anyone. In the past I have done some weddings videos and around 2010 completed a half an hour comedy episode and a mock up movie.

Anyone can have a copy or copies of my songs and books, however, if anyone tells you that you can sample my songs, books etc... for commercial use and rewrite to make it better according to your taste thinking it's better, those are again fabricated lies as part of their scam, as I have never signed a contract with anyone to sample any of my songs and books or to use any of my songs/music and books commercially. In this industry scams and tricks can be played on you and you can easily be mislead pulling you into a scam and or situations you will regret. Beware of people pulling you into their scams and having you take the blame for them! They will set you up, frame you and make you take all the blame, while they're on their beach getaway enjoying their paradise on earth, and they are well protected by a system that protects them, but scam people like myself for their gains and benefits. People on our email lists have been getting spams with the subject 'Ally Production(s)'; I never use this name in the subject line - those emails are not from me...F. Ally

Don't give up the fight, Don't give up your rights to fight
Don't live in fear, Don't live with hate, be happy

You are the champ, you'll take the world by surprise
Dedication's on your mind, you are the champ, you are the champ

Don't live in the past, don't drown yourself in sorrows
Live in the present, don't know what tomorrow will bring

You are the one, you hold the keys to success, take sometime to check your heart
Reaching out, Reaching out

Reach out and touch you
When you need someone to hold you
You can count on me, I'll be there, anytime indeed

Reach out and touch you
When you need someone to hold you
You can count on me, I'll be there, anytime indeed

Don't give up the fight
Don't give up your rights to fight

Fight for you rights! Fight for you rights! Raise your hand and raise some hell
Fight for you rights! Fight for you rights! Raise your hand and raise some hell

You are in control, take charge of your life
Make today a better day, share your strength with everyone

You are the one, you hold the keys in your heart
Dedication's on your mind, you are the champ, you are the champ

I'll reach out and touch you
When you need someone to hold you
You can count on me, I'll be there, anytime indeed

Reach out and touch someone
When you need someone to hold you
You can count on me, I'll be there, anytime indeed

Reach out and touch you
When you need someone to hold you
You can count on me, I'll be there, anytime indeed

Reach out, Reaching, Reach out, oh
When you need someone to hold you
You can count on me, I'll be there, anytime indeed

AI is here. AI can and will take over many jobs as the Great Reset take place where we will own nothing and be happy according to Klaus Schwab, and they will build back better. IT'S HAPPENING NOW, NOT TOMORROW, BUT NOW. How do you build back unless you first plan to destroy first? There's been a lot of manmade destruction for example Gaza and all the other places that were destroyed, to be build back into 15 minute digital imprisonment cities. Los Angeles was destroyed, to be build back better for the 2028 games with cameras and surveillance everywhere and of course AI and robots. These places are all in ruins. The Palestinians will now have no choice but to leave their historical homeland. The buildings are all falling apart, and the ones left partly standing can fall anytime.

What we are seeing with the cease fires in Gaza and other places is time for the take over and restructuring to take place. If Gaza can be taken over by the United States, what about Canada and Mexico? Did we not recently see two maps of Canada as part of the United States? The plan is to divide the world into TEN REGIONS with of course a One World Government; this government already exists and have been in existence for decades for the whole world. We are heading for hard times. Who are you going to blame? People everywhere are very corrupted, even very religious people, and that's how the mass is trapped and controlled.

In the past I wrote articles on Islam. With the month of Ramadan approaching, I will be writing reports on my personal journey in Islam where I have at least five notebooks filled with notes from watching good documentaries on Islam in the past year with good information to share with you, along with other experiences and with other videos such as why Islam continues to be the fastest growing religion in the United States. For example viewing this video below.

Trudeau addresses nation as Trump imposes 25% tariffs on Canada | Live
Global News
Feb 1, 2025
[Youtube.com/watch?v=92rutFilWAM](https://www.youtube.com/watch?v=92rutFilWAM)

Trudeau : Today, the United States informed us, they will be imposing 25% tariffs on Canadian exports to the United States and 10% on Canadian energy...should take effect on Tuesday, February 4...this is a choice that will harm Canadians but beyond that it will have real consequences for you (speaking to Americans) the American people. As I have consistently said tariffs against Canada will put your jobs at risk, potentially shutting down Americans auto assembly plants and other manufacturing facilities...will raise costs for you, including food at the grocery stores and gas at the pump. They will impede your access to an affordable supply of vital goods crucial for US security such as Nickel, potash, uranium, steel and aluminum. They will violate the free trade agreement that the President and I along with our Mexican partner negotiated and signed a few years ago. It doesn't have to be this way...'

Canada's response...

'...The actions taken today by the White House split us apart instead of bringing us together. Tonight, I am announcing Canada will be responding to the US trade action with 25% tariffs against a hundred and fifty five billion dollars worth of America's goods. This will include immediate tariffs on thirty billion dollars worth of goods as of Tuesday followed by further tariffs on a hundred and twenty five billion dollars worth of American products in twenty one days time to allow Canadian companies and supply chains to seek and find alternatives...like the American tariffs our response will also be far reaching and include everyday items such as American beer, wine and bourbon, fruits, fruit juices including orange juice, along with vegetables, perfumes, clothing and shoes. It will include major consumer products like house hold appliances, furniture and sports equipment and materials like lumber and plastics along with

much much more. And as part of our response we are considering with the provinces and territories several non-tariffs measures including some relating to critical minerals, energy, procurement and other partnerships. We will stand strong for Canada, we will stand strong to ensure our countries continue to be the best neighbors in the world.

Ca.yahoo.com/style/mel-gibsons-cancer-treatment-claims-branded-dangerous-cruel-and-irresponsible-by-canadian-cancer-society-heres-what-to-know-1813422...

The podcast was on January 9

Mel Gibson's...on "The Joe Rogan Experience"...When the conversation turned to health, Gibson and Rogan both shared their distrust in pharmaceutical industry.

"I don't believe that there is anything that can afflict mankind that hasn't got a natural cure for it," Gibson told Rogan. "It just makes sense to me. I couldn't prove that, but I just believe..."

'Gibson went on to share "a good story" with Rogan about friends who allegedly used alternative therapies to treat cancer. "I have three friends, all of them had stage 4 cancer. All three of them don't have cancer right now at all," he said. "They had some serious stuff going on."

'According to Gibson, his friends took ivermectin and fenbendazole among other things to treat their illnesses – although he did not disclose their type of cancer.

IVERMECTIN

This information came from the reference above.

Is what the Indian government had given its people where India had a very low infection rate during Covid-19. Most places around the world you can get it, except in Canada and you must wonder why Canada would not allow its people to go out there and take it like other places around the world.

What is ivermectin?

Ivermectin is an oral medication used to treat parasitic infections caused by worms, lice and mites. In Canada, it's approved to treat worm infections like strongyloidiasis and onchocerciasis, also known as river blindness. It was discovered in the 1970s and was originally developed as a veterinary drug..... 'ivermectin products for animals have a higher concentrated dose than ivermectin products for people.'

What is fenbendazole? (same reference)

Fenbendazole is an anti-parasitic medication used to treat infections like heartworm, ringworm, hookworm in animals. Fenbendazole is not approved for human use by Health Canada, the US Food and Drug Administration (FDA) or the European Medicines Agency (EMA).

Fenbendazole and cancer treatment

Several studies have been published examining the potential benefits of fenbendazole as a cancer treatment. However, there's not enough data to support claims that it could potentially cure cancer or benefit cancer patients.

STRESSED AND YOUR MIND RAMBLING?

Often, our minds ramble on during the day and even throughout the night with stories, judging, blaming and fantasies swirling through our heads, and even when we're engaged in prayers / meditation.

This article uses excerpts from the previous edition of the Diverse City Magazine and modified.

I began the Life's Journey series of articles in 2002 published in the Cariwave, The Caribbean Magazine. Let's continue this journey. The following passages below are taken from different articles which I have written in the past.

The section below was taken from the article called 'Centenarians & Secrets to Long Life' by F. D. B Ally; p.22 from the 40 page printed magazine, Cariwave, The Caribbean Magazine Summer/Fall 2003 Edition

Disclaimer: In this article, the writer is sharing his experience and knowledge with the readers. Before embarking on a meditation journey, it's important to seek professional advice in meditation, as there can be complications during your practice. These meditation steps are based on the writer's understanding of the techniques the writer had learned in a three day Primordial Sound meditation course two decades ago by Dr. Deepak Chopra and his team many, along with other methods learned.

2025 ACOUSTIC JAM

Playing and singing his original songs mainly from the 1990s

I am doing an Acoustic Jam with 25 to 35, enough for 4 CDs just playing an acoustic guitar with original song, singing and using a small camera to record. There's really no rehearsing. Just getting some of the lyrics and some of the chords together and then let it go. However, as I become familiar with some of my oldies, I plan on doing better recordings in this AcousticJam2025

Some of my original songs for the Acoustic Jam are:

A Kiss Goodnight, Candle That Burns, True Love, Estos Sentimientos / These feelings, Lisa, No Perfect Man, Gia Carangi (The Italian Super Model), New Clear Society, The Birds Won't Come My Way, Reaching Out, Out of Control, They Party Till They Feel Alright, Missing You Going Crazy, Nobody Wanna Say Goodbye, Sometimes, That's Crazy Love, Christmas Day, Precious Holidays, Keep The Peace, Keep Mae Fire Burning, Blue Caribbean Sea, Wide Eye Innocent, So Crazy 4u, Insensitive and a few more...

From what I recall, songs like New Clear Society, My Home and many others were written when I was a teenager.

In the past few years, I've done about maybe 75 cover tunes.

This year, I plan to do some cover tunes by Buddy Holly, Elvis, Benny E. King, more of a documentary, for example called, I am Benny E. King story, or my name is Benny which ever works, I am Buddy Holly story who died in the plane crash in 1959 etc...and possibly some of the others such as I am the Beatles story as I already know lots of Beatles songs, I am Elvis story who died in 1977, I am Chuck Berry Story as I do know his songs and lead guitar such as Johnny B. Goode...I've read some of their stories and some are quite interesting. Some of the other stories would be Ritchie Valens who also died in the plane crash in 1959 as I already know the few popular songs he did like La Bamba, and You're mine. And perhaps I am Paul Anka story as I do like those old 1950s rock and roll songs by Paul Anka who is Lebanese born in Canada.

This I will be busy enjoying some of the old time rock & Roll as I delve into my religious studies along with astronomy and the cosmos which I have always enjoyed from a young age and especially Carl Sagan on Astronomy.

LOOKING BACK AT MY TEENAGE YEARS

Our band used to do all cover tunes such as:

Songs such as Purple Haze (Jimmy Hendrix), All along the watch tower (Hendrix version), songs by Boston such as More Than a feeling and Peace of Mind, (I played lead guitar for all of these songs) Dust in the Wind (finger picking which I did), Stairway to Heaven, Jumping Jack Flash, Route 66, Still Rock & Roll to me, songs by Car such as My Best Friend Girl, of course Chuck Berry such as Johnny B. Goode, Roll Over Beethoven and instrumentals...songs by the Beatles or done by the Beatles such as Help, Slow down, Money, It won't be long, Twist and Shout, instrumental such as Wipe Out, Pipeline, Tequila, 12 bar blues jam and many more...So we played some heavy songs and some soft ones. And that's all we did playing cover tunes, and we were also checking out each other's original songs as teenagers.

I also played in another band for a while where we played very different songs such as: Proud Mary, Come Saturday Morning, Joy to the world and others.

Thus, I always enjoy doing cover tunes, and I probably have about 75 on tapes from the past few years. Over the next few months probably about another 30 and I tape them, such as the ones from the I am Chuck Berry story, I am the Beatles story....

For the 2024 & 2025 Acoustic Jam or original songs mainly from the 1990s, songs are posted on www.allymedia.ca under the 'Music-Book' tab.

The Continuation of Savitri's Garden

By Faisal Ally

THE GARDEN, FILLED WITH WEEDS

Background

Jack have been terrorizing his victims with the use of AI, commercials and other means, as he continues to profit from the theft of people's hard work. From the theft of their songs, books, poems, lyrics, art and more. He's know as the number one back biter, spreading false news and creating fake narratives for his victims.

Jack makes sure his victims cannot get to the police or to the news to report the theft of their work. The chief was in Jack's back pocket, and so were doctors, lawyers and many others. They all knew the power Jack possessed and many wanted a piece it. Jack had also invested in all major news outlets.

Jack spies on his wife and other victims as they type and make changes without them even aware of his snooping into their private life. He changes up certain words, so when later they find the errors they will wonder how that happened but it's all Jack's doing. Jack also contacts their family doctors and other doctors to bad mouth them and pays some to harm them.

Jack tracks his wife at the protest

Jack had staged an event with his crisis actors to disturb a performance with original songs by artists, where the crisis actors began to beat the musicians which broke out in a riot. The police force came in all in support of Jack, as the chief has his hands in Jack's back pocket and so does his doctor who refused to assist the musicians, but only the crisis actors, as directed by Jack. The police took Jack's wife in along with her new found love, Mygri. Jack bailed out his wife, but left Mygri in prison.

I told you I know a thing or two about your wife, the police said.

So do I but she never listens.

You do know about her new found love!

Don't mention it. Keep him locked up.

You know I can't. But you must take charge of your wife...

And take care of your life. You do know a thing or two, the policeman said.

Oh I wish I could see into the future – I could have stopped her from hooking up with that migrant.

It's too late. She's in love. It's ordained. This world has gone mad. I saw it coming. I'm to be blamed.

Someone shouted at Jack. You thief! Greedy!

Shut up! Jack shouted.

.

More to come....

KEEP THE PEACE

Music and Lyrics by Faisal (Fizal) D. Ally, Copyright Protected

When I think of those better days
Holding hands and singing a song
When we listened to each other
Reaching out across the sky

Make this Earth a better home
For all lives under the sun
On the land or in the sea
And up above the earth

You say you're white, black, whatever color
It should never be about the color of a person's skin
Lend a hand and you will understand
The meanings of Love

And if you're rich, poor or in-between
You shouldn't judge anyone by what you see
If you look deep down inside
You will find peace of mind

Peace Let's keep the peace
Keep the peace for everyone
Every country across the seas
Sharing love in the world

Put an end to all the wars
Yesterday today and for tomorrow
If you search for the answers
You will find peace of mind

It shouldn't matter what you are
Your religion class color or your race
Walk together and not against each other
Let's live in harmony

Peace, let's keep the peace
Keep the peace for everyone
Every nation across the land
Sharing life on this earth

Let's forgive and learn to compromise
Ease the pain sorrows and no more hunger
And the children will have some peace
In this land we call free

Can you imagine a world that is one
There's no limit to what we can do
Reach out for another
And have a change in heart

Peace Let's keep the peace
Keep the peace for every one
Every country across the seas
Sharing love in the world

Peace Let's keep the peace
Keep the peace for everyone
Every nation across the land
Sharing life on this Earth

Peace let's the peace
Let's keep the peace
Keep the peace for everyone

GLOSSARY

What does Islam say about the devil? See below.

TRICKS OF THE SHAITAN (Satan / Devil)

They are tricksters

He turns people against you to make you give up on your practice and work. He'll go and whisper to your cousins, to your friends, to the people around you

'...the shaitan means literally in Arabic, anyone who deludes someone from truth to falsehood and anyone who deludes someone from good to bad, from benefit to destruction.

HOW TO QUIET THE MIND

You must first catch yourself in these moments of when the mind is very active or restless, else it can go on for hours, days, months, years. Once you catch yourself, you can apply tools such as meditation where you focus on a mantra (or in Islam focus on dhikr), or focus on your breathing, or spend time in prayers focusing on the words. There are many other relaxation techniques which you can use.

STILL CAN'T LET GO

Letting go is not easy. How do we let go? Even during meditation and prayers it's not easy. It takes a great deal of practice.

One technique is to Keep a notepad and pen next you and write down whatever it is that you are trying to remember, recall or bothering you and now let go of them. Now that you know it's written down, **YOU CAN DEAL WITH THEM LATER, ONE BY ONE NOW OR OVER A PERIOD OF TIME AND LET THEM GO, LET IT OUT OF YOUR SYSTEM. NOW FOCUS AND TRY TO BE IN THE PRESENT MOMENT, NOT IT THE PAST OR FUTURE, BUT PRESENT MOMENT AWARENESS.**

WHO CONTROLS THE WORLD?

And I give you this quote again so you know who is actually in control of the world and our lives.

Henry Kissinger stated who controls the food supply controls the people, who controls energy can control whole continents, who controls money can control the whole world.

WHAT DOES THE PROPHET MOHAMMED SAID

He said there's a cure for every disease. Mel Gibson now says the same 1400 years later. How did the Prophet know all of this?
