Maui Fire destruction

There are 80 sirens on Maui to warn residents of impending disasters like tsunamis, hurricanes and wildfires, yet none was activated to warn the citizens of the danger looming. *“There is no outside government officials taking care of us. They don’t care about us...” Lahaina resident said.*

Scams, Fraud & Grooming

Imagine the plot by a mastermind and his accomplices to commit fraud, such as stealing songs and books, and breaking it into pieces and then having you used the stolen songs and rewrite them and then have you framed for their crimes, while they bring in tens of millions for themselves. Thus, no relatives, friends, nobody will get my permission to use any of my songs and or books. Ask the mastermind for a song they did not steal for you to sing...Fisal Ally

We are witnessing much destruction as the Great Reset takes place. You will own nothing and you will be happy says Klaus Schwab. The blaze that swept through Maui killed over 100 people, where the emergency siren was not set off to warn people of the danger looming. There are other fires such as the ones in Kelowna, British Columbia and Washington. We are witnessing a New World Order taking over the world, where there's Order out of Chaos as the Great Reset takes place right before our eyes. Not only our lands across the nations are under fire, but so are the politicians and masterminds of frauds that are also being brought down.

Donald Trump is faced with 91 criminal charges. It was only months ago when more news on 'The College Admission Scandal' surfaced where the mastermind and many were charged and sentenced. I certainly hope that one day the mastermind and his accomplices will be caught for the theft and the destruction of my songs and books. We also see a lot on slavery coming out on repatriations. I have been writing on slavery and indentured laborers for over 20 years now and more information continues to surface on the slave trade, but this time with the Scottish involvement in slavery. Recently, news surfaced on renaming Dundas Street in Toronto because of the link to slavery where the street was named after Henry Dundas who was also Scottish.

In the past, someone had asked for shorter magazines with just one main article because finding the time to read so many articles is almost impossible. This edition only has this short editorial, 7 pages of short Diverse News, a 2 page Diverse Report concerning the theft of my songs and books where it looks like relatives are now being pulled into the scam, and also a short article on my August 9 tradition music videos, and the rest are all picture from the Cariwest Parade and two pages of pictures from The Battlefords in Saskatchewan.

I plan to continue with a short monthly Diverse City Magazine with about 20 pages, which will be mainly on alternative News updates and some pictures, and every third or fourth month I will do the big 100 pages magazine.

Diverse News: ‘DEMENTIA: Early onset dementia is being caused by the COVID vaccine’ says study

In the video (Ref 20) called Shocking New Vax Data! - CDC Data Shows Over 118,000 Children Died Suddenly After Injections! At time 3:24 into the video shows Steve Kirsch’s newsletter that states: ‘BREAKING: Early onset dementia is being caused by the COVID vaccine (approx. 25X increase). ‘The medical community is never going to admit this and the mainstream media is never going to cover this, but I thought you should know. People who work in nursing homes are seeing a 25X increase’ Steve Kirsch; August 10, 2023.

In the Youtube video (Ref 8) called ‘New report shows rise in people diagnosed with dementia and Alzheimer’s’ says ‘...more people are diagnosed with Alzheimer and dementia.’ In other words all of a sudden more people are being diagnosed with these illnesses as compared to before. In the video, Sarah Lovegreen says, ‘We are still seeing such a high prevalence in Alzheimer disease...we did see that people of color are reporting discrimination in receiving dementia care and top concern is they don’t feel their providers are listening.’ ‘Our report also shows us there’s still a lack of knowledge in the community around memory loss. **More than half of non-white Americans believes that significant memory loss is a normal part of aging, and the Alzheimer’s association knows that’s not the case.** We still have a lot of work to do to help people understand what’s normal and what’s abnormal so they can get the help they need.

There are only 4 comments for this video. Below are the comments.

1st comment says: **My mom is forgetting everything, like she is really confused, since the shots, especially after the booster** that she got yesterday, we went to Walmart and she was forgetting everything...It’s definitely scary and I have read and seen old videos that say it can cause dementia and my uncle (her brother) had dementia & died last year.’

The response to the above message is: **Same happened to me. And I just turned 29 years old. But now I’m having some “improvement” since I started to take B1 vitamin.** But is was scary when I realized that I was forgetting everything, not having focus and attention...and sometimes feels like my mind was all like white cloud.’

Next comment says: It’s the vaccine.

Diverse News: Lahaina Maui fire

There have been many fires spreading across North America. About a month ago,s many fires went up in Canada where the smoke also engulfed New York, and where many witnessed the moon to be red due to smoke. The fires broke out on August 8, 2023 and hit Maui the hardest (Ref 4) where residents have stated that **‘there were no warnings before the Hawaii wildfires, and there are still over 1,000 still missing.**

Maui is an island in Hawaii and Honolulu is the capital of Hawaii. Lahaina is in Maui. The fires that broke out in Hawaii, hit Maui the hardest, which caused major destruction and death to the people.

In the CBS video posted on August 17, 2023 (Ref 4) there were over 100 deaths and still over 1,000 people unaccounted for. The host of the video says, "defendant are defending their move to not activate the emergency warning sirens when the fire broke out." Jonathan Vigliotti asked Maui officials, "Do you regret not sounding the sirens?" The respond from an official was, 'I do not, and the reason why.... **Vigliotti cuts and said, 'So many people said they could have been saved if they had time to escape had a siren gone off they would have known that there was crisis emerging and as we know so many bodies were found in the ground...'** Someone interrupted Vigliotti cutting him off. The land has been destroyed. In the video, Elizabeth Campbell (CBS news reporter) said the people 'are coming home to just nothing'...the ground is just 'white ash...' So far about 40% of the area have been searched.

In another CBS video (Ref 5), **Maui works to recover from wildfires as death toll rises posted on Youtube on August 19, 2023** states: The death toll in Maui has risen to 114. Meanwhile, a resident criticized an official's decision to not sound emergency sirens as the flames spread.' The video states '60% of the area searched' now, and more than 1,000 people still unaccounted for.' This is 'the nation's deadliest wildfire in more than a century.'

The video states: '**On Maui alone, 80 sirens are in place design to warn residents of impending disasters like tsunamis, hurricanes and wildfires.'** Here wildfires are mentioned, yet, there was no siren. During an interview, at time 2:22 into the video, a Lahaina female resident said, '...the community, the Lahainu itself is taking care of one another. **THERE IS NO OUTSIDE GOVERNMENT OFFICIALS TAKING CARE OF US. THEY DON'T CARE ABOUT US. THEY DON'T CARE ABOUT OUR PEOPLE - THAT'S HOW I FEEL.'**

According to the video (Ref 22), the host says that some people are saying that these fires are unnatural the way they are burning in unusual ways, where somethings were burned and some in that same area where untouched, such as cars and houses burned down and trees untouched. At 53:10 into the video, a person from another video states:

'What they (the government) don't talk about is in January (of 2023) how they had in Maui a Smart City conference, to turn Maui into an entire Smart Island, changing everything into electric, renewables solar panels, and pushing everybody into electric vehicles, 15-Minute-Smart-Cities. So what's also interesting is next months in September in Hawaii is hosting the digital government summit utilizing AI to govern the island. It's almost like they are resetting something to start rebuilding for this in which they're trying to push. Now when we look at all the climate change narrative they're going to try to push but they're not going to talk about the weather modification act of 1976. I highly recommend that everybody look into this ACT because who is involved in the weather modification activities? Department of agricultural, Depart of Defense, Department of Interior, EPA and NASA. So if they are modifying the weather, then could they have caused this event so if we see that the department of defense and other factions are responsible for modifying weather, well if we look at Direct Energy weapons, we can see how this was all relate to this event.'

An excerpt from the video (Ref 29) called 'Project DYNAMO concerned about initial government response to Maui fires' says, 'Tampa nonprofit Project DYNAMO said they were among the first to respond to help rescue Americans from the fires on Maui, but they claim more lives could have been saved if government aid had responded faster. The local government first drew criticism for the lack of evacuation prior to the fires spreading on Aug. 8, killing more than a hundred people, with about 850 others still missing as of Monday, Aug 21. **"Walking around the Lahaina looks like a cross between ground zero on 911 and like Hiroshima and**

Nagasaki after we drop Atom bombs,” described Bryan Stern, Founder & CEO of Project DYNAMO.

A comment from the video: ‘It’s almost like we don’t have a military base near Maui! Makes one wonder if this lack of effort/attention is total incompetence or intentional. Unforgivable at any rate.’

Another comment from the video: ‘Won’t let any food/clothing donations in. they’ve gotten NO help. Over 2400 kids still missing. School got out early w/o warning. The city shut off water so there was no water to fight the fire. **They never sounded the evacuation alarm. Same guy is Incident commander at LV 91 shootings in Maui!**

Another comment from the video: ‘More people would’ve survived if the alarms had been sounded earlier like they should’ve been....’

In the Youtube video ‘Hawaii fire death toll reaches 115; Maui school reopens as searches continue (Ref 30)’ published on August 21, 2023, the host says, ‘As Maui residents begin picking up the charred pieces of their lives, they face an equally daunting task: locating hundreds of people displaced by the flames.

Host of the video says ‘the deaths toll on those devastating fire on Maui is now up to 115 people this morning. As the recovery continues though the island returning to some sense of normalcy the only school still open in West Maui is reopening welcoming 100 students displaced by that fire. **More than 800 people are still unaccounted for.** Nearly 1300 have been located off the missing person’s list.’

A comment from the video is: ‘**I just heard that 180 bodies have been recovered from the ocean. Many jumped into the ocean to escape the fire and lost their lives in the water.** Why aren’t we hearing more about them? Out of over 3000 school children only about 500 have enrolled since the fires. Where are the other 2500? No one is talking about them either.’

In the video called ‘Maui couple spent hours in ocean to escape wildfire’ | Elizabeth Vargas Reports; NewsNation, Aug 14, 2023 (Ref 32), the host asked, ‘Some of the most dramatic pictures we have seen from the Maui wildfires are chilling scenes of people escaping the flames by running to the only place that wasn’t burning, the ocean. This is how Lahaina resident Mike Cicchino survived the fire along with his wife. The two of them spent hours before the coast guard rescued them’. Mike joined them on NationNews live from Hawaii.

Mike ‘We tried driving the opposite way of the fire, but fire was everywhere. Nobody knew where to go...’ ‘If I called 911 my call would drop out, so my first thought was to call my mom who was in Wailuku and she does have a signal so have her contact 911 and see where we’re suppose to go. I immediately got a call back from my mom, a minute later that she talked to 911 and all they could tell her was just follow the traffic, follow everybody else, but that got us into a giant traffic jam where nobody could get out. Basically fire was everywhere, so you have people running to the left to the right, towards the ocean. **NOBODY KNEW WHERE TO GO, THERE WAS JUST NOT ENOUGH WARNING.**’

Host ‘we now watching video with you in the water and other waist high in the water. Was this the only safe place you can find?’

Mike: ‘At times where you are seeing this video where people standing became ON FIRE. **IT WAS LIKE A CONTINUOUS BOMB GOING OFF, SO THERE WERE TIMES WHEN YOU COULDN’T EVEN BE IN THE WATER WITHOUT GETTING BURNED.**’

Host: how long were you in the water?

Mike: ‘On and off for 3 hours, so every time the **WATER START GETTING FIRE WE WOULD SWIM INTO A SPOT THAT HAS A LITTLE LESS SMOKE AND LITTLE BIT MORE OXYGEN AND IT WAS JUST GOING BACK AND FORTH AND THIS WAS OVER A 12 HOUR PERIOD.**’

Host: How deep and how far out did you have to go to get safety from all this smoke?'

Mike: It was so dark, so at times I don't even know how far we were out, but we were trying to touch the bottom, basically keeping our heads above water. My is not the best swimmer, and if we got stuck in a riff current that was pulling us out, and there were times where we couldn't even touch the ground and we didn't know where the land is. When smoke would clear for a second you could see some red - okay that's where the land is, but even in the smoke you had ambers and fires hitting you, and every time the fire would hit my back and face, I would dunk under the water and then come back up, get a breath, the fire would hit me, I would go back under water and this went on throughout the whole night.' 'There were lots of times when we didn't think we would make it at all. I just remember calling my mom, my brother, my daughter - tell them that I love them, tell my mom I don't think I'm going to make it out of here - take care of my daughter....' '**I know some of the people out there with me drowned - babies that were out there I never saw again.**' *(It's important to view the full video to get the full story)*

Diverse News: Kelowna on fire, wildfires in Eastern Washington

Kelowna on fire

In the article '**B.C. orders fire-zone travel bans as evacuations soar**' posted on Saturday, August 19, 2023 (Ref 6) states: 'KELOWNA — British Columbia imposed bans on travel to wildfire zones on Saturday after evacuee numbers doubled to 30,000 or more, marking another day of dramatic developments in the province's desperate battle against hundreds of blazes.'

The article states, 'West Kelowna fire chief Jason Brolund painted a vivid picture of what his fire crews were facing on Saturday, including multiple simultaneous house fires and a "street full" of homes ablaze.' 'Evacuee numbers stood at 15,000 late Friday when Eby announced a province wide state of emergency in response to the fires.'

Diverse News: From the grapevine, full COVID-19 lockdowns, beginning with mask mandates are coming back as early as mid-Sept in the US, and in the middle of October 2023

In an article (Ref 19) called, Biden Regime to reinstate covid-19 restrictions beginning with mask mandate as “covid cases rise”, say TSA and Border Patrol Whistleblowers by Jim Hoft, Aug 18, 2023.

At time 2:25 into the video (ref 19) states: ‘The Biden regime is preparing to reinstate full COVID-19 lockdowns, beginning with masking mandates for TSA and airport employees reportedly as early as mid-September, Infowars first to report. A high-level TSA official reached out to infowars, detailing a Tuesday meeting where TSA managers were informed of new memorandums and policies that would re-implement mask-wearing.’ ‘The official added that by mid-October, mask-wearing will be mandated for pilots, flight staff, passengers, and all airport patrons.’

At time 19:24 into the video (ref 19) there’s an article called ‘New COVID fear Campaign for lockdowns, Boosters & Masks in the U.S and the UK by Patricia Harrity on August 20, 2023

It is a teaching and training resource for public health and government officials.’ The meeting took place in Brussels, Belgium on October 23, 2022.’ It states ‘becoming a pandemic with a higher fatality rate than COVID-10 and proportionally affecting children and young people.’

Diverse News: CDC Data Shows Over 118,000 Children Died Suddenly After Injections!

In the video (Ref 20) called Shocking New Vax Data! - CDC Data Shows Over 118,000 Children Died Suddenly After Injections!’ exposes some of this information. At time :15 into the video shows, Natural News; ‘Child Killers: CDC data show over 118,000 U.S children died suddenly after covid jab rollout; August 14, 2023 by Lance D Johnson. The host of this video says, “These giant corporations knew this would happen. They knew because if you look at their own papers the data they tried to hide for 75 years; the stuff that came out in Israel and other places shows they knew this kind of stuff causes miscarriages, cause heart problems in children, and they purposely hid it in order to get approval from the health boards throughout the world. So just consider for a moment how truly evil this all is.

At time 1:14 into the video there’s an article called ‘Adolescents suffer HEART SCARS from Pfizer and Moderna mRNA vaccines, per cardiac MRI study; Natural News; August 14, 2023 by S.D Wells.

AT time 2:40 into the video (Ref 20) there’s an article that’s called ‘**NO REMORSE: Pfizer says NO Australians were forced to take their vaccines, dismisses all harms caused by their experiments and mandates;** published on August 14, 2023 by Lance D Johnson.’ The fact is people had no choice but to take the injections if they wanted to keep their jobs to pay their bills and feed their families. Will they in the future go into peoples’ home and force them to take the jab?

At time 12:15 into the video (ref 20), the headline states: Government officials and compliant medical professional lied and destroyed thousands of young lives.’ ‘When the covid-19

pandemic was first announced, fears of hospitalization and mass death drove the CDC and state government to take drastic authoritarian action that drove many young people into isolation and mental illness. **The government actions have played a central role in the destruction of lives and livelihood - causing higher rates of depressions, drug overdose, and suicide in youth. To make matters worse, the unnecessary and caused serious health problems, including but now limited to: myocarditis and pericarditis.** 'During the coercive mRNA vaccine rollout, government officials like Anthony Fauci and Rochelle Walensky pushed the jabs onto minors, even after evidence clearly showed that the shots are unnecessary and dangerous to young people.'

Diverse News: Renaming Dundas Street in Toronto

For many that have lived in Metro Toronto, like myself and others, we've all heard of Dundas Street and we know people that lives there. The area is very old and gives a nostalgic feeling. Many have passed by in buses or goes there to do some shopping. I have been writing on slavery on indentured labor for years now, and in the last Diverse City Magazine, I wrote about the Scottish involvement in slavery because some articles kept coming up on that topic. Once again I'm hearing about the Scottish involvement in slavery - but in a different light - and thus the street name Dundas in Toronto is under scrutiny and must come down.

The article '**Renaming Toronto's Dundas Street: An 'important first step' or wasteful expense?' posted on August 15, 2023 (Ref 2)** states that 'For some people, renaming Toronto's Dundas Street is a necessary step to confront the history of a city built in part by individuals connected to the British Empire's transatlantic slave trade.'

The article states, 'Dundas Street, which runs east-west through Toronto's south end, is named after Henry Dundas, 1st Viscount Melville, an active politician from 1770s to the early 1800s, when the British parliament was debating slavery abolition motions.'

History is not always written correctly, but bias, or from the ones that wants history to be known a certain way. "Newton said her research and the work of other historians has discovered otherwise. Some might think that's an abolitionist position but it was very much actually about securing the long-term future of slavery without human trafficking," Newton said, adding that the case supporting the street's renaming is clear'' (Ref 2).

According to Wikipedia (Ref 3) '**Henry Dundas, 1st Viscount Melville**, PC, FRSE (28 April 1742 – 28 May 1811), styled as **Lord Melville** from 1802, was the trusted lieutenant of British prime minister William Pitt and the most powerful politician in Scotland in the late 18th century.'

The article continues, 'As a political boss, Lord Dundas' deft and almost absolute power over Scottish politics during a long period in which no monarch visited the country led to him being nicknamed "King Harry the Ninth", **the "Grand Manager of Scotland" (a play on the masonic office of Grand Master of Scotland)**, "The Uncrowned King of Scotland" and, recently (2012), "The Great Tyrant". He was, however, a controversial figure, as his Bill passes in 1792, for the gradual abolition of the British transatlantic slave trade over four years, **at a time when the leaders of the abolitionist movement sought an immediate end to the slave trade and the West Indian interests opposed any abolition at all. For this reason, Lord Dundas' appears in the film *Amazing Grace* as a major antagonist to abolitionist leader William Wilberforce.**' Wilberforce was born on August 24, 1759 England and died on July 29, 1833 in London.

Diverse News : Trump facing 91 criminal charges

According to the news article ‘Here’s how much Trump’s four indictments could cost him in fines if he’s convicted by Alison Durkee (Forbes Staff) published on August 18, 2023 states: ‘Former President Donald Trump has now been indicted on 91 federal and state charges following his most recent indictment in Fulton County, Georgia-felony charges that could land him in prison, but also force him to pay \$11.5 million if he were convicted of every crime against him and sentenced to the maximum fine (Ref 21).

In the article ‘Trump plans to turn himself in on Thursday over Georgia indictment’ by Kanishka Singh; published August 22, 2023 (Ref 27)’ states: ‘Washington (Reuters)-Former U.S President Donald Trump plans to surrender on Thursday in Atlanta in connection with his indictment in Georgia on charges he sought to overturn his 2020 election loss in the state, he said on social media on Monday. **“I’ll be going to Atlanta, Georgia, on Thursday to be ARRESTED,” Trump, who is running for reelection in 2024, said on his Truth Social platform, He described the indictment as politically motivated effort to derail his reelection campaign.**’

‘Trump has pleaded not guilty in all criminal cases and could spend much of next year in court, even as he campaigns to retake the White House.’

In the video (Ref 27) on the same page of the excerpt above states: ‘Here’s why Trump’s 4th indictment is different unlike his other three indictment, **the case in Georgia relies on RICO laws, which stands for (Fani Willis says), ‘Racketeer Influenced and Corrupt Organizations Act.’ ‘It requires prosecutors to show a pattern of criminal activity rather than an isolated crime. In Trump’s case, prosecutors are claiming he and 18 of his allies were part of a criminal enterprise to overturn the result of the 2020 election.’** ‘The indictment covers a call Trump made in 2021 to Georgia’s Secretary of State. In the new article, ‘Trump formally booked in Georgia election fraud case: Full coverage ‘The former president was taken into custody at Fulton County Jail in Atlanta on Thursday night (Ref 32)’ by Dylan Stableford (Senior writer); Updated August 24, 2023 at 7:14pm MDT’ states: ‘Former President Donald Trump surrendered Thursday at the Fulton County Jail on charges stemming from his attempts to overturn the results of the 2020 election in Georgia. He was quickly released with a bond set at \$200,000.

Diverse News: Legend LeBron James 18-year-old son, Bronny James, suffered a heart attack during basketball practice

There’s a Youtube video (Ref 8), Bronny James Suffered Cardiac Arrest, Out Of ICU: Internet Users Infer Myocarditis, Covid Vax Blame, the host says, ‘Basket legend, LeBron James' 18 year old son is currently hospitalized and is recovering from cardiac arrest, collapsing during a university of southern California team work out on Monday. Bronny James is currently out of the ICU and is in stable condition according to his family.’

In the video, ‘Elon Musk replied by a tweet on the incident.’ The tweet from July 25, 2023 said 'we cannot ascribe everything to the vaccine, but, by the same token, we cannot ascribe nothing....Myocarditis is a known side-effect. The only question is whether it is rare or common.'

Elon Musk who came from a very very wealthy family and obviously placed (in the way Bill Gates and many others were) in the position he is in, should know whether it’s rare or common because I certainly do. I can clearly tell you that I never heard of myocarditis and pericarditis until the roll out of the injections and that’s when I began to hear about the increase of heart attacks in children, and also everyone I spoke to had no clue what myocarditis and pericarditis were, but after the roll out of the injections people began to hear more myocarditis and pericarditis. So to answer Elon Musk, there’s no doubt that myocarditis was not common and thus not heard about much before the injection rollout...F. Ally

Diverse News : Muslim pop star, singer Sinead O'Connor (Shuhada Sadaqat) dead at 56

Sinead O'Connor passed away aged 56 on Jul 26, 2023 at her flat in Herne Hill, London. In the Youtube video on Sinead O'Connor (Ref 9) the host says, "Grammy winning singer Sinead O'Connor has died at the age of 56' ... her 17 year old son passed away just 18 months ago.' ‘The Dublin born singer (Irish) catapulted to stardom in the 1990s with her rendition of Prince's nothing compares to you' ballad.'

She converted to Islam in 2018 and performs wearing her hijab

According to Google retrieved on August 19, 2023 at: 9:37pm... ‘Shuhada' Sadaqat (born Sinéad Marie Bernadette O'Connor; 8 December 1966 – 26 July 2023), known professionally as Sinéad O'Connor, was an Irish singer, songwriter, and activist. Her debut studio album, The Lion and the Cobra, was released in 1987 and achieved international chart success.’ In 2018 she converted to Islam and changed her name. And as a Muslim Shuhada Sadaqat continued her career in music where she used her original name ‘Sinead O'Connor professionally’ (See Ref 10) where she wears her hijab and Muslim attire as she plays her guitar and sing in front of thousands. She was a devout Muslim and wore her Hijab and full Muslim attire during her performances and on the media.

She was planning to do a 2024 music tour

‘Sinéad O'Connor Had 'Wonderful Plans' for New Album and 2024 Tour Before Sudden Death at 56: Managers. "Testament and tribute to those who have put their hearts first for Sinéad, to whom we are forever grateful," wrote 67 Management on the company's website by Jack Irvin Published on July 28, 2023 04:55PM EDT (Ref 10). The article states, "As tribute to those who were part of Sinéad's team over our tenure it has to be mentioned that Sinéad was completing her new album, reviewing new tour dates for 2024 and considering opportunities in relation to a movie of her book," continued the company, referencing her 2021 memoir Rememberings’ (Ref10).

Her funeral

At her funeral (Ref 24), ‘hundreds pay respects in Bray, County Wicklow, Manchester where ‘fans applauded and threw flowers to the hearse as it made its way along the Bray seafront.’ ‘A eulogy at her private funeral said she “suffered more than her share of hardship and adversity.’ ‘Gifted with a voice that moved a generation of young people, she could reduce listeners to tears by her otherworldly resonance” Imam Shaykh Dr. Umar Al_Qadri. At her funeral there were also Bob Geldof and U2 front man Bono, along with the Irish President and Prime Minister.

Her father requested a Muslim prayer known as a janaza at her funeral

On the Deen Show episode ‘Sinead O’Connor’s family embraces her Muslim identity and lets her get buried as a Muslim Woman; The DeenShowTV; August 12, 2023’ (Ref 23) Imam Shaykh Dr. Umar Al_Qadri who was at her funeral informed us that her father requested the Shaykh to do the Muslim janaza prayer, which means that she also had a Muslim burial as he explained. He said that her accepted her as a Muslim and that her family had contacted him when she died and ‘they facilitated her having a Muslim burial (Ref 23). He stated that none of the family members were Muslims and that her father had requested him to do the Muslim prayers. ‘The family were moved by the way the prayers were conducted.’

Her journey to Islam

She had contacted the Shaykh in 2018 and met with him. She had questions on Islam. She asked about music and they also had other discussions. Obviously the discussions on music were positive and thus the pop star continued her music career until the end of her life. Before becoming a Muslim (a person who submission to the creator of all things), she had also become a priest but found problems with Christianity (Catholicism) and the other religions, which she had studied. Although she had faced many problems in life, she was no doubt a very intelligent and knowledgeable person before becoming a Muslim. Both Eddie from the Deen Show and the Shaykh said that she was very knowledgeable and intelligent and that she had studied Islam even before contacting Muslims. Thus she did not enter Islam blindly, but probably with more knowledge than many Muslims have of Islam. She knew what she wanted in life and what she was looking for, and she finally found this in Islam and died as a devout Muslim. Shuhada (Sinead) said she started studying scripts from different religion trying to find the truth about God, “I left Islam until last and I never thought I would join the religion. I left Islam until last because I had so much prejudice about Islam you know and then when I started reading, **I read just chapter two along of the Quran and I realized oh my God I’M HOME, I’ve been here a Muslim all my life and I didn’t realize it it’s a way of thinking Islam.** (Ref 23).

Diverse News : Guyana oil auction delayed for the third time

The small South American nation of Guyana have once again delayed it's offshore oil auction which was set for August 15, 2023. This day came and went. According to an article (Ref 13), Guyana delays offshore bid round deadline for third time, Government sets new date to receive proposals for 14 offshore blocks published on 27 July 2023 by Fabio Palmigiani_ in Rio de Janeiro', 'The Guyanese government has postponed for the third time the date for submission of offers in the country's first competitive bid round that will feature 14 offshore blocks under revamped terms and conditions.'

In the article, Guyana's oil production could close 2023 over 500,000 bpd (ref 14) states Guyana's Liza Phase Two Project is expected to see a 30,000 barrel-per-day increase by the year's end. Guyana expects to increase drilling according to the article Promising hydrocarbon discoveries to drive further drilling at Guyana hot-spot (Ref 15), CGX and Frontera are considering running appraisal work in the Corentyne block published on 17 August 2023 12:56 GMT UPDATED 17 August 2023 13:13 GMTBy Fabio Palmigiani_ in Rio de Janeiro.

Diverse News: 7 babies murdered by U.K nurse

In the article (Ref7) U.K. nurse Lucy Letby guilty of killing 7 babies published on August 18, 2023 states, 'Lucy Letby, a U.K. neonatal nurse, was found guilty of murdering seven babies and attempting to murder five others between 2015 and 2016.'

According to the Youtube video (Ref 25) 'Killer nurse Lucy Letby has been jailed for life with no chance of release for murdering babies in her care' Letby who was a neonatal nurse was convicted of murdering 7 babies, and 'the attempted murder of six others.' Back in 2018, the judge said, 'over a period of just under 13 months, you killed seven fragile babies and attempted to kill six others. Some of your victims were only a day or a few days old.' The judge said, "This was a cruel, calculated and cynical campaign of child murder involving the smallest and most vulnerable of children...you removed and retained confidential records of events relating to your crimes and checked up on bereaved parents.'

According to the Youtube video (Ref 26) 'Letby is NOT A Psychopath' Clinical Psychiatrist Analyses Baby Killer Luch Letby' some theories of Lucy Letby motives on what she did was discussed by Dr. Raj Persaud. Following are some excerpts of this video which is 11:53 minutes in length, however, one must view the complete video to see what Dr. Persaud was explaining. The doctor discussed the God complex theories and other theories. Thus below is just some information and the reader must watch the entire video to hear all of the theories presented as an excerpt alone can be misleading.

Dr. Raj Persaud says, “Psychopaths know what they’re doing and know why they’re doing it. In my opinion nurse Lucy Letby in terms of the features we saw in the court case is not a traditional psychopath. There’ve been lots of different theories about the nurse’s motivation in this appalling case. The judge in his sentencing appeared to be hinting at maybe his own psychological theory. He made a reference to the notion that this nurse was a sadist. Sadism has a very narrow technical meaning in the world of psychology and psychiatry. It refers to a motivation where SOMEONE GAINS A KIND OF SICK PLEASURE A KICK FROM INFLICTING SUFFERING AND PAIN ON OTHERS.’ The doctor went on to discuss more on this. He discussed the term psychopath and says, ‘a PSYCHOPATH IS SOMEONE WHO HAS NO REMORSE, NO GUILT, HAS NO EMPATHY FOR PEOPLE SUFFERING AND THEY WILL STAB YOU IN THE BACK literally or metaphorically at work in order to gain promotion over yourself, so at first glance Lucy Letby seems to fit many of these features of a psychopathic personality.. She didn’t appear to show remorse or guilt. She didn’t appear to have empathy for the suffering that she had inflicted on so many families around her...’ The doctor went on to explain more on Lucy’s condition and her motives, therefore it’s important for the reader of this news to view the entire video as listed in the reference. The doctor says it’s important to look at other information to understand why Lucy did what she did.

Diverse News: Scammed by ‘fraudsters posing as bank employees’

The scams are never ending. According to Global news (Ref 18), the article, CIBC customers who got scammed warn about fake investigators, published on Fri, August 18, 2023 at 4:09 p.m. MDT, states: ‘**A Markham, Ont. couple** is warning consumers not to get scammed by fraudsters posing as bank employees. As Sean O’Shea reports, they lost more than \$14,000 to a telephone conman posing as a fraud investigator for CIBC.’

It certainly looks like this same technique to defraud people ARE taking place in other places. Here is a similar experience as the one above that took place in Markham, but was published on August 18, 2023. The following scam had taken place in Oakville. The one below was published on August 18, 2023. In the article ‘Ontario senior loses \$16,500 to bank investigator scam’ by Pat Foran; Published August 15, 2023 (Ref 31), an excerpt states: ‘**The Oakville senior** said she received a call one morning in January of this year from someone claiming to be with her bank investigating a scammer.

“She said, ‘I’m calling from CIBC to let you know your account has been compromised, ‘and as soon as she said that, I went into a panic mode. My brain froze. I was just like terrified,” Ellen Hickton said.

Ellen Hickton said that she wanted to help and followed her instructions on the phone, which included withdrawing money from her bank account, buying thousands of dollars in gift cards, and putting thousands more into Bitcoin.

Introduction

Who is behind the fraud?

People that gets pulled into a scam and groomed

Have they pulled my close relatives into their music scam?

What goes on in a studio to fix vocals?

Introduction

There are various types of scams and frauds taking place. In the last edition, I wrote about people being groomed and pulled into scams and frauds. I also looked closer at the mastermind of the college admission scandal, which was once again in the spotlight a few months back. I have also been writing about how my songs and books were stolen and how I'm being harassed. We've heard of people stealing songs and breaking them into pieces, and suddenly those samples are showing up all over the world in many songs. The same thing happened to my songs and books, even though I've had many professional players on the recordings where my recordings are on a medium and handed out to the public and thus copyright protected, and where two of my songs were also played on the radio, but the masterminds do not care because by the time they are caught they'll be millions richer and on their paradise island getaway, while others gets blamed for their crimes.

Who is behind many frauds? How the rich and powerful are involved

So you think it's the average people that can barely pay their bills behind these crimes? Think again. Elizabeth Warren, United States Senator from Massachusetts (where all the criminal cases were led), told news media that the scandal (The College Admission Scandal) represented "**just one more example of how the rich and powerful know how to take care of their own**". Another article states, 'The punishment for Rick Singer, 62, is the longest sentence handed down in the sprawling scandal that embarrassed some of the nation's most prestigious universities **and put a spotlight on the secretive admissions system already seen as rigged in favor of the rich**'. It looks like the Mastermind, Rick Singer of age 62 was already wealthy from these frauds, but greed controlled him that he kept defrauding the system more until he was caught; the greedy gets greedier.

In the way the Mastermind used the side door in the college admission scam to defraud the system, don't you think the same thing is happening in music, where the Mastermind and his

accomplices are stealing our songs and going through the backdoor and the side door to make lots of money?

People that gets pulled into a scam and groomed

It's easy to get pulled into scams because many people are gullible, and the scammers use smooth talk and they also know how to lie, cheat and steal. In the last edition I asked, are you being groomed by a handler or mastermind, or even a friend or a best friend to steal someone's songs, music, books and or other possessions? Did someone befriend you? Have someone told you that you will be a star if you sing a song, or use a part of a song or modify a part of this song, but that song belongs to someone else? Thus it's important to always ask the mastermind(s) and their accomplices for a song, book etc...which they have not stole and have them commit by drawing up a contract with your lawyer and witnesses and let them swear and commit to the terms that the work they are presenting to you were not stolen and then given to you. *(some excerpts from the last edition)*

What if the mastermind you are collaborating with is setting you up to take the blame for their crimes? What if you are being framed and you have no clue? You will not know this until the law catches up with you.

Have they pulled my close relatives into their music scams? Relatives are now telling me "You can't sing" and I wonder why all of a sudden and never before?

At the end of April, two relatives said something similar to 'You can't sing.' And I suspect alternative motives based on how it was said. And recently, over the past two weeks, two more relatives indicated the same, although the words differ. That is very strange because I also suspect alternative motives. They've listened to my songs before, along with cover tunes, and never once gave a negative feedback, even if they didn't like my work. But all of a sudden the tide has changed? Why now? This rings a bell because my relatives are not the first to indicate this. About two years ago, one of my friends said something similar and I suspect he was pulled into the music scam, but had no clue. In the past, I have warned many that my music is being stolen and are being used in the mainstream for some of the biggest stars.

They are now telling me that I can't sing. But can they sing? Can they sing like Elvis, Freddie Mercury, Celine Dion etc...? When two of my songs were played on the radio decades ago, do you think I was dancing on the radio? Of course not, I was singing (my songs broadcast on the radio) on the radio and many heard it, and nobody was trying to hide my singing. And so what if I can't sing? What's it to you? My songs have nothing to do with you, unless the Mastermind and or his accomplice have pulled you into their music scams for you to scam my songs and turn my songs over to them legally, which would remove them from any involvement in frauds, but yet scammed the whole system and got away with millions.

Why the mastermind has to make sure I don't sing my songs and to keep me down and hidden as he and his accomplices continue their fraud and scams

The Mastermind(s) and his accomplices certainly do not want me to be heard on the mainstream singing. I'm an independent artist and I'm not a mainstream person. But if I played and sang my songs in the mainstream, then everyone will know that I wrote those songs and the masterminds would be exposed immediately. Thus I believe the words "you can't sing" was planted by the

mastermind(s) and his accomplices into other (probably as a part of their cult rituals) to discourage me from singing and turning over my decades of hard work to them. Will they get my approval for them to steal my songs? Of course not. I believe that this indicates that the mastermind and or his accomplices have contacted my relatives and are making deals and promises with them as long as my relatives can turn over all of my songs and books to them which would set the mastermind and their accomplices free of all their scams and frauds. But I believe that my relatives are just completely clueless as to what the mastermind (s) and their accomplices' motives are.

I'm certain that some likes the offer of singing in the mainstream thinking they will be a star and have fame. If you are told you will be a star, but you have to sing my songs or rewrite my songs, then good luck because you've been pulled into a scam and fraud. I'm sure that some are willing to participate if they know their family will prosper or they are given paradise, or jobs etc... They will quickly forget their values, morals and responsibilities to others and become selfish just for the benefits.

What if I say to my relatives or to someone that you have a big empty house, can I take half of it and let the poor live in it because it's just sitting there and wasting space? What if I say to them you have a vehicle sitting around can you loan it to a poor man during the day or night when it's not being used so this person can go to work and earn a living or even use it as a hire car? Most likely they will get upset because I'm infringing on them and their rights. So why do they think they have a right to tell me what to do with my songs and books?

If my relatives are pulled into the music scam, then who contacted my relatives for them to use my songs and why, if that's the case? And what's that contact getting in return?

Obviously if the mastermind stole my songs and books and are making tens of millions they cannot sleep at night so they have to track my every move and everyone I'm connected to as they come up with more schemes. But I'm certain that these mastermind(s) and their accomplices are being tracked from higher power in the way the mastermind and his accomplices were tracked in 'The College Admission Scandal'. Why would relatives allow themselves to get involved with such people? Many they don't really know what's involved until it's too late, or even perhaps they are promised monetary benefits whether through business, or other promises such as getting them through the back door into a college and sports like in the college admission scams etc...I don't know but I'm just speculating, because many things have been fishy starting since around 2010 and continue to this day in 2023, and I'm sure it will all come out because I'm certain others at a higher level and power are tracking everything.

Do they actually think that I would let them harass me into giving up my songs and books? Of course not. It's going to be a rough ride for them.

What goes on in a studio to fix vocals?

Very often in a studio, the vocals are tweaked and reverb and other effects are added to bring out the vocals. The singers often have people guiding them and producing their vocals. Very often parts of vocals are sung over and over until they get it right. I don't do any of that, but if I'm in a professional studio and the cost is covered then they can certainly do the same vocal fixes for me until I get it right. I've heard that some singers would redo one line at a time or even parts of a line over and over and over for a complete song, and at times have to double up their voice. A lot of tricks are used in the studio. Most people I know with great vocals have gotten nowhere in music because its not that easy to get into the business, unless for some that maybe someone has

a scheme and or pulled you into their scheme which you are not aware of. Bob Dylan does not have a good voice, but yet he is one of the most popular musicians because he is an artist and wrote his songs for himself. Can his voice be compared to Freddy Mercury, Elvis etc... Not even close, but still he is one of the greatest or well-known musician in the world. So don't waste your time going around telling me I can't sing when it's you that cannot sing and don't know anything about songwriting and music.

ALLY'S SONGWRITING JOURNEY

AUGUST 9 TRADITION

I still have my army jacket from my teenage days - tight but still fits. That means that I need to lose 10 pounds.

August 9 tradition - Video taping my original songs

Over the years, I would set up a small camera and videotape my original tunes and also cover tunes. I have probably made about 100 videos. Recently, I would also just pick up an old acoustic guitar, turn on the camera and start to sing some of my songs. And when I watch the video and see my cat, Furrari, in the videos, that makes me very happy.

Using Final Cut Pro for editing

I think I paid about \$100 for the Final Cut software, which I use for editing on my laptop which I would take to coffee shops to do some editing. I also have a home studio, basically a computer with a Cubase software, 2 speakers, and an interface box. This makes life easier. In the old days, all I had were old tape decks and I would try bouncing tracks from one tape deck to another, and would end up with a lot of noise.

Using Final Cut. Added some titles to the six songs I did on August 9, 2023.

Editing out a part of the track because I had forgotten the intro lyrics, so I removed that part.

Using distortion box

I still have my distortion box and other boxes from my teenage days. I believe one or two belongs to my good friend, James. During this August 9, 2023 Tradition of playing with some quick videos, after the first song, 'No Perfect Man', I pressed the button on the distortion box as I began 'Wide Eyed Innocent'.

The August 9 tradition videos of six songs were uploaded to www.allymedia.ca
