Testimonials and comments from 2019 Pulsed Harmonix Client Feedback Survey

“As a Doctor of Chiropractic, I encourage all my patients to utilize this therapy and many become regular users. Joint and muscle injuries and pain, anxiety, peripheral neuropathy and insomnia are among the conditions helped. I find it profoundly relaxing: the sedation of the sympathetic nervous system (fight or flight division of the autonomic nervous system) is a key underlying cause of most functional problems. The Pulsed Harmonix instrument rivals a lot of the other PEMF devices that are 3 to 5 times the price also. Don't know how I did without it.”

— Daniel A.

“My Pemf machine has been and intricate and ongoing part of my cancer journey and treatment! I am now healthier than I was before my diagnosis.”

— Troy E.

“I use the PEMF in my veterinary practice to help patients with acute or chronic inflammatory conditions as well as even seizures. It has been a great tool for many patients. It also helped my son avoid a second back surgery.”

— Thomas R.

“We have used this amazing technology has benefited not only my family members but hundreds of our patients. We keep all four of our units going everyday we are open!”

— Tandra G.

“I can honestly testify that the A2000 PEMF has performed extremely well for me and friends that work or sports related injuries. Additionally, I am also using it to treat MDS (bone marrow cancer) and feel that it has helped immensely.”

— Nancy E.

“I will definitely have a testimonial more in the future but I already see tumors shrinking!”

— Ron H.

“I have had big success using the machine on my daughter's sprained ankle. My kids and I also use it to overcome stomach aches. The other uses are less easy to see specific results. I use it daily because I believe it will increase the vitality of my cells. I am currently trying to use it to help my daughter overcome tendinitis and bursitis in her hips.”

— Jannet W.

“Aside from helping me overcome a myriad of health conditions, I sleep better and haven't had a cold since I got it over 2 years ago and I have a compromised immune system working with children- it's a miracle worker!”

— Benjamin G.

“My double meniscus tear was real. ER and then checking w 3 orthopedics doctors - one actually said surgery was needed. I used my PEMF therapy and now all is well.”

— Mercedes B.

“Both my husband and I use the PulsedHarmonix Home edition PEMF daily from relief from ANY pain like knee, stomach, head, to just feel more energized and improve mood. We've been using it for about 18 months now without any glitches. It was pricy but worth it. Thanks a lot!”

— Paul A.

“This is great for relief of flare ups. I use it in conjunction with other treatments. My husband has also used it to speed up recovery when he is not well. I believe it is a great investment”

— Michelle R.

Testimonials and comments from 2019 Pulsed Harmonix Client Feedback Survey

“ I love my PEMF, use is almost every other day. I find it to give me the extra boost if energy I need to make it through the next day. I am still trying to find the best way to use it without over usage, which does cause me to not feel well because of toxic overload. But I would recommend it to anyone!”

– **Barbara R.**

“ We have two units going all day in the office and are looking into bringing two more to service the demand. Among the many benefits we see daily, the most surprising effect has been on non-union bone fractures and stress fractures. It has revolutionized how we can address various pathologies patients present with and are now very confident with using the A2000 on many different soft tissue injuries as well.”

– **Todd P.**

“ I always feel looser in my muscles and joints after a session. It relaxes my mind as well. I use it with my patients and it is helpful dealing with chronic pain, inflammation and range of motion. It does a great job at speeding up the healing of fractures and reducing the pain associated with injuries.”

– **Denny H.**

“ I am new to PEMF therapy, just about a month. I use the A2000 twice a day. During my working career I overused my right hand. My wrist has no cartilage, its bone on bone. My thumb joint is damaged so I have difficulty changing a drill bit. Now I can, because I have noticed more strength in my hand. I like how I feel better. Thank you!

– **Richard K.**

“ I used it daily. Grateful I have it. Recovery time is greatly reduced.”

– **Steffane R.**

“ PEMF has helped me continuously with pain relief and a feeling of better well being”

– **Dottie S.**

“ It has given me abundant energy”

– **Patrick A.**

“ I notice it works best when I use the PEMF regularly, which I am not good at, but determined to do more of. It really makes a difference!”

– **Oscar G.**

“ I think magnets are the future in medicine and energy. I am very impressed with this technology. I have much greater mobility and pain free after a ski accident - ACL , bi lateral meniscus tears. Thank you!”

– **Evan C.**

“ Wife and I love ours so much I brought it home for our own personal Use”

– **Stacy G.**

“ The machine helped me feel better and now I do not use it much.”

– **Dan H.**

“ I am a massage therapist. This helps me heal so that I can heal others.”

– **Tony M.**

“ I am a healthy (knock on wood) 77 year old male and I have used PEMF daily as “preventative treatment” for over 5 years. Recently I used it to reduce the varicose veins in my left leg. It worked so well that a cycling friend asked if I had had vein surgery. I am a 3X National Cyclocross champion. I still race and ride most days. I ride between 150-200 miles a week and eat mostly a WFPB diet.”

– **Austin E.**
