BOIL WATER NOTIFICATION

The City of Lawn Water System has issued a boil water notice for all customers within the city limits of Lawn. The Texas Commission of Environmental Quality has required the system to notify all Lawn Water Works customers in this area to boil water prior to consumption.

To ensure destruction of all harmful bacteria and microbes, drinking water, cooking water, and water used for making ice should be boiled and cooled prior to consumption. The water should be brought to a vigorous rolling boil for two minutes. In lieu of boiling, you may purchase bottled water or obtain water from other suitable source. When it is no longer necessary to boil the water, the water system officials will notify you.

If you have questions regarding this matter you may contact:

Roger Coxe @ 325-668-4326
City Hall @ 325-583-2510
