

CITY OF LAWN CONSERVATION PLAN

	YEAR-ROUND WATER USE MANAGEMENT	STAGE 1 WATER ALERT	STAGE 2 WATER WARNING	STAGE 3 WATER EMERGENCY	STAGE 4 WATER CRISIS
Landscape Irrigation	<p>Any landscape with sprinklers, and turf with drip irrigation:</p> <ul style="list-style-type: none"> › Designated days, midnight-10 a.m. or 6 p.m.-midnight. › Shrubs, trees, flowerbeds, gardens: Anytime with hand-held hose, bucket or drip system. <p>New Lawns:</p> <ul style="list-style-type: none"> › May qualify for a variance if installed within six months in conjunction with a new residence, or the re-tilling of an area equaling at least 50 percent of an existing yard. To request a variance, call (325) 583-2510. 	<p>Any landscape with sprinklers, and turf with drip irrigation:</p> <ul style="list-style-type: none"> › Designated day, once every 7 days, midnight-10 a.m. or 6 p.m.-midnight › Shrubs, trees, flowerbeds, gardens: Anytime with hand-held hose, bucket or drip system. <p>New Lawns:</p> <ul style="list-style-type: none"> › May qualify for a variance if installed within six months in conjunction with a new residence, or the re-tilling of an area equaling at least 50 percent of an existing yard. To request a variance, call (325) 5832-510. 	<p>Any landscape with sprinklers, and turf with drip irrigation:</p> <ul style="list-style-type: none"> › Designated day, once every 14 days, midnight-10 a.m. or 6 p.m.-midnight › Shrubs, trees, flowerbeds, gardens: Anytime with hand held hose, bucket, or drip system. <p>New Lawns:</p> <ul style="list-style-type: none"> › May qualify for a variance if installed within six months in conjunction with a new residence. To request a variance, call (325) 583-2510 	<p><i>Shrubs, trees, flowerbeds, gardens:</i> Anytime with hand-held hose, bucket or drip system.</p> <p>NOTE: Irrigation of turf areas with potable water is prohibited in this stage.</p>	<p>Prohibited</p>
Vehicle Washing	<p>Allowed</p>	<p>Allowed:</p> <ul style="list-style-type: none"> › With bucket and/or positive shut-off on hose - OR - at a commercial car wash. 	<p>Allowed:</p> <ul style="list-style-type: none"> › With bucket and/or positive shut-off on hose - OR - at commercial car wash. 	<p>Allowed:</p> <ul style="list-style-type: none"> › At commercial car wash. 	<p>Allowed:</p> <ul style="list-style-type: none"> › Only for public health.
Refilling Swimming Pools	<p>Allowed:</p> <ul style="list-style-type: none"> › Maintain level on designated watering days. 	<p>Allowed:</p> <ul style="list-style-type: none"> › Maintain level on designated watering day. 	<p>Allowed:</p> <ul style="list-style-type: none"> › Maintain level weekly on designated watering day. 	<p>Allowed:</p> <ul style="list-style-type: none"> › Maintain level weekly on designated watering day. › New construction prohibited. 	<p>Prohibited</p> <ul style="list-style-type: none"> › Filling or refilling pools is prohibited. New construction is prohibited.
Ornamental Fountains	<p>Allowed:</p> <ul style="list-style-type: none"> › With a water-recycling device. › Can be filled on designated watering days. 	<p>Allowed:</p> <ul style="list-style-type: none"> › With a water-recycling device. › Can be filled on designated watering day. 	<p>Allowed:</p> <ul style="list-style-type: none"> › With a water-recycling device. › Can be filled on designated watering day. 	<p>Allowed:</p> <ul style="list-style-type: none"> › With a water-recycling device. › Can be filled on designated watering day. › New construction prohibited. 	<p>Prohibited</p> <ul style="list-style-type: none"> › New construction prohibited.
Use From Hydrants	<p>Allowed:</p> <ul style="list-style-type: none"> › For firefighting or other public safety/welfare. › With written approval for land development or construction. 	<p>Allowed:</p> <ul style="list-style-type: none"> › For firefighting or other public safety/welfare. › With written approval for land development or construction. 	<p>Allowed:</p> <ul style="list-style-type: none"> › For firefighting or other public safety/welfare. › With written approval for land development or construction. 	<p>Allowed:</p> <ul style="list-style-type: none"> › For firefighting or other public safety/welfare. › With written approval for land development or construction. 	<p>Allowed:</p> <ul style="list-style-type: none"> › Firefighting or other public safety/welfare. › Domestic use from bulk loading station.
Waste	<p>Prohibited:</p> <ul style="list-style-type: none"> › Water running more than 75' from a property. › Failure to repair a leak. › Operating a permanently installed irrigation system with a head that is broken, misaligned or misting from high pressure. 	<p>Prohibited:</p> <ul style="list-style-type: none"> › Water running more than 75' from a property. › Failure to repair a leak. › Washing hard surface except for pavement repair/application. › Operating a permanently installed irrigation system with a head that is broken, misaligned, misting from high pressure. 	<p>Prohibited:</p> <ul style="list-style-type: none"> › Water running more than 75' down gutter or alley. › Failure to repair a leak. › Washing hard surface except for pavement repair/application. › Operating a permanently installed irrigation system with a head that is broken, misaligned or misting from high pressure. 	<p>Prohibited:</p> <ul style="list-style-type: none"> › Water running more than 75' down gutter or alley. › Failure to repair a leak. › Washing hard surface except for pavement repair/application. › Operating a permanently installed irrigation system with a head that is broken, misaligned or misting from high pressure. 	<p>Prohibited:</p> <ul style="list-style-type: none"> › Water running more than 75' down gutter or alley. › Failure to repair a leak. › Washing hard surface except for pavement repair/application. › Operating a permanently installed irrigation system with a head that is broken, misaligned or misting from high pressure.
Commercial Use	<ul style="list-style-type: none"> › No additional restrictions beyond landscape watering. 	<ul style="list-style-type: none"> › Reduce use by 15 percent compared to same month previous year. Golf courses using potable water may submit conservation plan. 	<ul style="list-style-type: none"> › Continue 15 percent reduction from Stage One. Golf courses using potable water reduce by 30 percent. 	<ul style="list-style-type: none"> › Continue 15 percent reduction from Stage One. Golf courses using potable water reduce by 30 percent. 	<ul style="list-style-type: none"> › Continue 15 percent reduction from Stage One. Golf courses using potable water reduce by 30 percent.
Industrial	<ul style="list-style-type: none"> › No additional restrictions beyond landscape watering 	<ul style="list-style-type: none"> › Reduce use by 15 percent compared to same month previous year - OR - may submit conservation plan to Director for approval. 	<ul style="list-style-type: none"> › Continue 15 percent reduction from Stage One - OR - may submit conservation plan to Director for approval. 	<ul style="list-style-type: none"> › Continue 15 percent reduction from Stage One - OR - may submit conservation plan to Director for approval. 	<ul style="list-style-type: none"> › Continue 15 percent reduction from Stage One - OR - may submit conservation plan to Director for approval. › Water may be curtailed.
Penalties	<ul style="list-style-type: none"> › First offense: Warning › Second offense: Suspension of Water › Subsequent offenses: Termination of water service for repeat violations. › Reconnect fee: \$50 › Failure to pay \$50 which can be applied to water bill. › Fraudulent misrepresentation of well water use: is Criminal Offense 	<ul style="list-style-type: none"> › First offense: Warning › Second offense: Suspension of Water › Subsequent offenses: Termination of water service for repeat violations. › Reconnect fee: \$50 › Failure to pay penalty: \$50 which can be applied to water bill. › Fraudulent misrepresentation of well water use: is Criminal Offense 	<ul style="list-style-type: none"> › First offense: Warning › Second offense: Suspension of Water › Subsequent offenses: Termination of water service for repeat violations. › Reconnect fee: \$50 › Failure to pay penalty: \$50 which can be applied to water bill. › Fraudulent misrepresentation of well water use: is Criminal Offense 	<ul style="list-style-type: none"> › First offense: Suspension of Water › Subsequent offenses: Termination of water service for repeat violations. › Reconnect fee: \$50 › Failure to pay penalty: \$50 which can be applied to water bill › Fraudulent misrepresentation of well water use: is a criminal offense › Additional penalties for commercial/ industrial failure to reduce use. 	<ul style="list-style-type: none"> › First offense: Suspension of Water › Subsequent offenses: Termination of water service for repeat violations. › Reconnect fee: \$50 › Failure to pay penalty: \$50 which can be applied to water bill › Fraudulent misrepresentation of well water use: Is criminal offense › Additional Penalties for commercial/ industrial failure to reduce use.
Other Allowances	<ul style="list-style-type: none"> › Charity car washes are allowed using hoses with positive shut-off nozzles and no wasting water. › Use of well water if well water sign is posted visibly. 	<ul style="list-style-type: none"> › Use of well water is affirmative defense if well water sign is posted. › Users with open green spaces may submit irrigation plan to Director. 	<ul style="list-style-type: none"> › Use of well water is affirmative defense if well water sign is posted. › Users with open green spaces may submit irrigation plan to Director. 	<ul style="list-style-type: none"> › Use of well water is affirmative defense if well water sign is posted. › Users with open green spaces may submit irrigation plan to Director. 	<ul style="list-style-type: none"> › Use of well water is affirmative defense if well water sign is posted. › Users with open green spaces may submit irrigation plan to Director.
Trigger Points	<ul style="list-style-type: none"> › In effect unless Water Conservation Stages are triggered. › Phantom 0-5 ft. below spillway: 3-day watering schedule. › Phantom 5-10 ft. below spillway: 2-day watering schedule. 	<ul style="list-style-type: none"> › Pumpage exceeds 49.5 mgd for two consecutive days - OR - Phantom 11 feet below spillway if Lake Hubbard is above 60 percent capacity. › Phantom 10 feet below spillway if Lake Hubbard is below 60 percent capacity. 	<ul style="list-style-type: none"> › Pumpage exceeds 49.5 mgd for two consecutive days - OR - Phantom 17 feet below spillway. 	<ul style="list-style-type: none"> › Pumpage exceeds 30 mgd for three consecutive days - AND - Phantom 21 feet below spillway. 	<ul style="list-style-type: none"> › Loss of capability to provide service.
