

Thank you for demonstrating interest in becoming a model for Charged Up Media. For various reasons I prefer keeping a model's application simple. Not only am I a minimalist, but I understand the monotony of having to complete one model application after another. Once you finish answering the following questions, you can return it by sending a message via the ChargedUpMedia.com website or you can email it directly to Casting Director Tony at CUMmodel4us@Gmail.com. On occasion, we may respond asking additional questions or to request a video interview. Again, thank you for your time!

Charged Up Media Model Application

- 1: Your Porn Name:
- 2: Your Residential City, State:

- 6: Are you willing to have unprotected sex with a man who has tested HIV-Positive?
- 7: Charged Up Media wants to make sure models can perform under pressure by applying primary consideration to applicants having prior experience. We encourage models with no prior experience to apply with the understanding this is **not a social sexual experience** and production is built upon extremely tight schedules. Please list THREE prior modeling jobs (including the name of the production company and dates hired). If no prior experience applies then simply move on to the next question.
