

# Hanging Garden

## Family Day Take and Make

### Supplies Provided:

1 full size paper plate

1 half paper plate

Shredded paper for grass/dirt for garden

Cardstock paper in various colors for vegetables

yarn

### Supplies not Provided:

Stapler/tape or glue

Scissors

Crayons or markers for decorating hanging garden

### Instructions:

1. Cut out the vegetable templates and trace the templates on the cardstock for the vegetables and their stems. Cut out the vegetables and stems you have traced. Glue or staple the root to the stem of the vegetable.
2. Take the half paper plate and color it brown like earth.
3. Staple the half paper plate that is brown to the full paper plate so you make a basket.
4. Put the vegetables you have made in the basket portion of the paper plates and cover them with shredded paper (grass/dirt)
5. Make two holes on either side of the paper plate with your scissors, a hole punch or a toothpick or wooden barbecue skewer.
6. Thread the yarn provided through the holes and tie it together at the top.
7. Hang your garden and use it in our online storytime to sing vegetable songs and grow and pick vegetables in the storytime.
